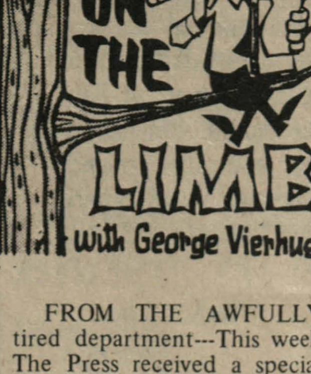
The Campbell Press

Serving the Hub of the West Valley

Since 1895

Vol. 79 No. 12 Wednesday, March 24, 1971 10¢

378-9136 35 Dillon Avenue, Campbell, California



FROM THE AWFULLY tired department---This week The Press received a special delivery letter from Ralph Steinberg, a San Jose attorney and a member of the Campbell Union (elementary) School District board of trustees.

The return address on the envelope did not indicate it was a personal letter from Ralph, merely that it was from the "law offices of Berns and Steinberg—a law corporation".

There were stamps all over it (a total of 54-cents worth to be exact) giving it the appearance of a very impressive legal missive.

We opened it with some trepidation.

We get that reaction some times from legal-appearing documents.

Our conscience is generally reasonably clear, but the complications that often can be developed by legal beagles defies imagination.

The letter, however, turned out to be another "letter to the editor" directed to us and it appears in this issue.

It was on the same old theme:

The Press is being unfair in its coverage of the current school district hassle because it failed to print in the March 17 issue the reply of the board majority to the answers of Neal Royer to the charges used by the three members of the board in demoting Royer on Oct. 8.

The charges and Royer's reply were published in the March 10 issue.

We have placed Steinberg's letter in our "awfully tired" department.

-0-

"AWFULLY TIRED" IS the way we feel when we hear from people who fail to recognize the logistics involved in "putting something" in the paper. Many have no conception what it's all about and apparently think all they have to do is to "release" something and it automatically appears in print.

They give no thought to the space or time involved.

They don't think that's their problem. And it really isn't, of course.

But we do get tired, as we said, of the lack of understanding that is often so evident by the critics who are generally so entwined with their own righteousness that they think nothing else exists.

Take Steinberg's letter as a case in point.

Somehow we felt that an attorney would have a better understanding of what is involved.

Most of the barristers we know try to become familiar with all aspects of a situation before they try to make their own points.

But Steinberg apparently is an exception.

He takes after us (with a special delivery letter yet) because we did not publish immediately the statement of the three-member board majority.

It appears in this issue because it was not received in time for the previous issue or there was no space available.

But Steinberg apparently couldn't care less.

Of course, we probably should have been forewarned that would be his attitude, for we have often wondered since the demotion of Royer took place whether Steinberg, as an attorney, had taken all the consequences into consideration when the demotion was made based on the now-published charges.

But that's Ralph's business.

However, even he must admit that accusing a newspaper of deliberate omission without allowing sufficient time to elapse is somewhat unfair.

But we guess we are not talking about being fair.

And that's what makes us awfully tired.

Fifth annual community Congress set for Saturday

Campbell's fifth annual Congress for Community Progress takes place this Saturday, March 27, at West Valley College, with five panels involving specific areas of concern featuring the day's activities.

Registration is scheduled from 8:30 to 9 a.m. with the Congress convening in the auditorium at 9 a.m. under the guidance of the Rev. W. H. (Ben) Gould, chairman of the event for the fourth successive year. A fee of $2, which includes lunch will be charged for the Congress.

Introduction of the moderators and guests will precede a special slide presentation by Bill Siden, PG&E community relations director, who has been present at three of the previous congresses.

Siden's appearance at the first Congress featured his slide presentation of "A Stranger Looks at Campbell."

Each successive year the slide presentation has been a highlight of the Congress as Siden shows, via his pictures, the changes for the better or the worse that have taken place in the community.

The slide presentation this year is entitled "Irresistible Campbell" in recognition of Siden's many visits to the town.

Following the Siden's presentation (at 9:50 a.m.) the panels will go into session in the various rooms that have been assigned at the college.

The panels will break up at noon, when lunch will be served at the Campbell High School cafeteria.

Rusty Hammer, chairman of Campbell's Youth Commission, will be the luncheon speaker.

At 1:30 p.m. the Congress will reconvene in the college auditorium when recommendations developed in the various panels will be presented. The Congress is expected to adjourn before 3 p.m.

The five panels: ECOLOGY, with Homer Hyde, of the Campbell Water Co. and a member of the Bay Area Regional Water Quality Control Board, as moderator.

Serving with Hyde on the panel are Fred H. Dierker, executive officer of the regional water quality control board; Warren R. Crouse, supervising air pollution engineer, Bay Area Pollution Control District; Michael E. Rugg, aquatic biologist, California Department of Fish and Game; Mrs. Mary C. Davey, councilwoman, Los Altos Hills, and Greg Hutzell, Ecology Club, West Valley College.

According to Hyde, each of the panelists will first make presentations of their specialties which will be followed by questions and discussion by the audience.

EDUCATION, Bob Turk, principal of Rosemary School, moderator. Serving on this panel are Bill Homan, president of West Valley board of trustees; Herman Osario, Camden High teacher; Arland D. Hillyard, president El Paradiso PTA; Miss Pam Knight, West

City park program goes before CUSD school board Thursday at Castlemont

Campbell city's park program will be one of the main features of the Campbell Union (elementary) School District board of trustees meeting that will be held at Castlemont School this Thursday, March 25, at 7 p.m.

City officials will be present to outline the city's park plans and to explain where the school district fits into the picture.

Seven neighborhood parks at seven of the district schools are part of the overall program. Through park bonds that were voted by citizens of the City of Campbell in June, 1969, the city will allocate $10,000 to each of the seven schools for the development of the neighborhood parks.

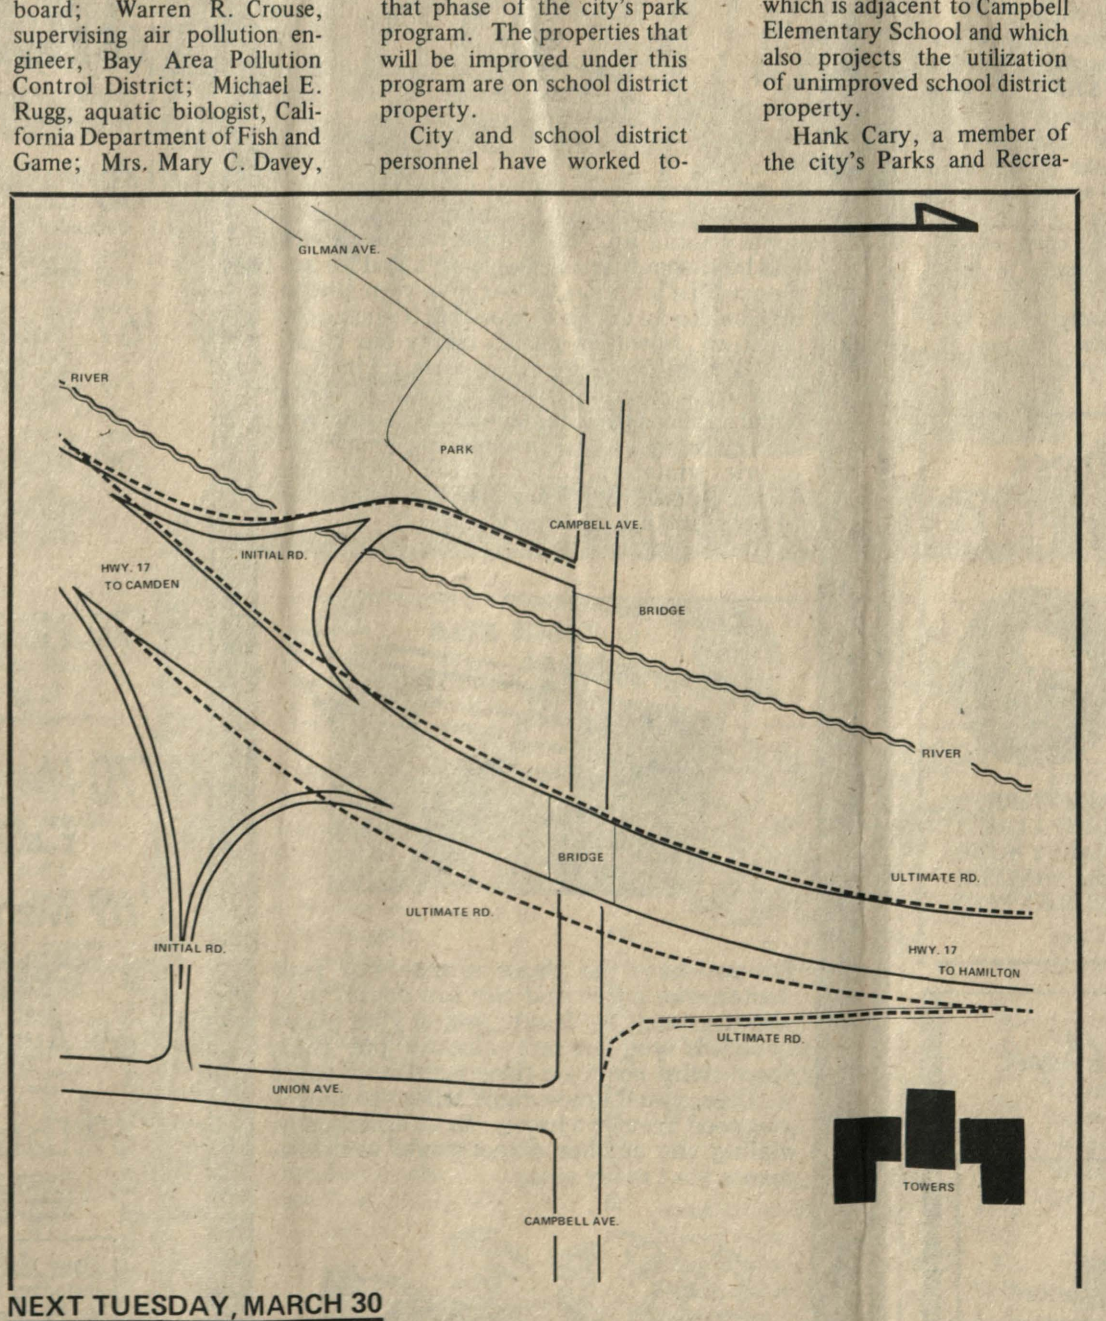
The trustees of the school district by resolution approved that phase of the city's park program. The properties that will be improved under this program are on school district property.

City and school district personnel have worked together to develop a joint agreement and Fred Peterson, district administrative assistant, has submitted an estimated cost of maintenance for the district which is part of the agenda of the board meeting.

Also on the agenda will be a presentation of the city's master plan for the development of the Rincon Park which is adjacent to Campbell Elementary School and which also projects the utilization of unimproved school district property.

Hank Cary, a member of the city's Parks and Recreation Commission and chairman of the Rincon Park Development Committee, will describe the various phases of the master plan which is estimated to cost $1.2 million when fully completed.

Cary will explain the stages of development and how the money that is now available from park bonds will be used.



NEXT TUESDAY, MARCH 30

State schedules hearing for Campbell Ave. interchange

PUBLIC HEARING — Conducted by personnel of the California Division of Highways, a public hearing to consider engineering design features of proposed interchange at Campbell Ave. and Highway 17 will be held next Tuesday, March 30, at Castlemont School at 3040 Payne Ave.

The hearing is scheduled to begin at 8 p.m.

Various design proposals will be presented, including the one pictured above which is the one that apparently is favored by the highway people and has received the tentative blessing of the City Council.

The interchange idea was initiated by the City Council and, somewhat reluctantly, the Division of Highways, has begun the long, drawn-out proceedings that could eventually result in the interchange.

At the hearing next Tuesday, the timing for the acquisition of land for the rights-of-way and for the construction of the improvements will be discussed. But both city and state officials, however, emphasize that the project is years away.

Involved is the financing of the project which would be developed jointly by the city and the state. Campbell's share would be in the neighborhood of $1 million, for the city will be expected to pick up the tab for the acquisition of the rights-of-way. A street improvement bond issue would probably be necessary to get the funds.

The favored design (pictured) would take a slice of Campbell Park for an access road and would also involve bridging the creek.

Campbell councilmen and members of the city staff will take part in the hearing next Tuesday. However, city officials emphasize that no firm commitment is expected by the city at the hearing.

No violation

There has been no violation of the mail fraud statutes in the Campbell Union (elementary) School District and the postal service has terminated its investigation.

That was revealed this week in a letter from E. R. Meier, postal inspector for the San Jose area, to Ralph Steinberg, district trustee. Copies of the letter were sent to Bob Persky, CETA, and Gordon Martin, of the AFL-CIO teachers' union.

Jim Gilliland, incumbent candidate for the board, and Dr. Robert L. King, board candidate, in disclosing that the postal inspection had been completed, emphasized that it directly invalidated one of the alleged charges that was used as a basis to demote Neal Royer by the board majority of Steinberg, Mrs. Eleanor Graham-Armstrong and Dr. Richard MacQuiddy.

It had been alleged that letters had been sent out by parties unknown during a trustee election campaign which were purported to be from the CETA and WVFT. It had been implied that Royer could have been responsible for the letters.

Two eating places aid Morgan fund

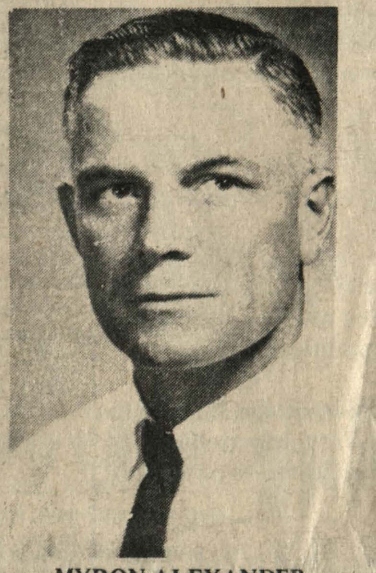
Two popular eating and dining establishments in town have announced special fund-raising benefits for the "John D. Morgan Fund".

John Morgan

Ward Pinther of the Straw Hat Pizza, at San Tomas Road and Campbell Ave., will turn over to the fund 25% of all the proceeds taken in at his place of business on Thursday, March 25.

And on Monday, March 29, from noon until 10 p.m., Mr. and Mrs. Phil Luoto, of "Luoto's in the Campbell Plaza, 2369 S. Winchester Blvd. are serving a buffet style dinner for $3 per person. All the proceeds from the dinner will

(Continued on Page 2)



MYRON ALEXANDER

BOB STEWART

City Council names two to Planning Commission

Two of the three vacancies that now exist on the Planning Commission were filled Monday night, when the City Council named Myron Alexander, of 48 S. Third St., a local realtor, and Bob Stewart, of 229 El Caminito, quality assurance manager of Santa Clara Packing Co., to the Commission.

Alexander and Stewart take the places of Jack Healey and Frank Klein, whose services were terminated by recent Council action. The terms expire in August, 1972.

Still to be filled is the vacancy caused by the resignation of Merrill Grim, whose letter of resignation was submitted to the Council Monday night.

Grim, who was serving as chairman when he resigned, in his letter was highly critical of the Council's action in dismissing Healey and Klein.

Alexander and Stewart were among the seven who had applied for the appointment by the deadline on Monday at 5 p.m. Because they had rated high on the list when previous appointments had been made, the Council acted Monday night so that there would be no danger of a lack of quorum on the Commission.

Selection of the other Commissioner will be made from the other five applicants who will be interviewed before the April 12 meeting. They also have been invited to attend the joint study session of the Council and Planning Commission on Monday, March 29.

The five applicants are: Pete Giorgianni, 737 Ricky Court, investments and insurance; Harold P. Serio, 725 Jeffrey Ave., product designer, General Electric; Stanley T. Yamamoto, 162 Llewellyn Ave., San Jose State student; Fred E. Johnson, 349 Rincon Ave., retired (sales and building); Carl W. Larson, 1525 Hacienda Ave., engineer, Pacific Telephone.

RETROACTIVE PAY

Campbell City Council on Monday night approved the salary agreement that had been hammered out between the city and representatives of the Firefighters Union, with help from the State Conciliation Service.

The agreement was retroactive to Feb. 1.

Council approval came on a 4-1 vote (Bill Smeed dissenting) but the councilmen indicated that they disliked the retroactive bit and thought that the future council policy should prohibit such actions.

Ticking ahead with the clock tower

This Saturday, March 27, the last of the six kiddie matinees staged for the benefit of the city hall clock tower will be shown at the Plaza Theatre. Tickets for the matinee can be purchased at the door for 75 cents.

The decks will be cleared for "phase 2" of the clock tower drive, the premiere benefit movie that will be shown at the same theater on Wednesday, March 31.

"New Leaf", starring Walter Mathau and Elaine May, will be the premiere movie which will be shown next Wednesday. It will be preceded by a champagne reception. Curtain time is 8:15 p.m. with the reception slated for 7:30 p.m.

Tickets for the gala event are set at $6 per person and proceeds will go into the clock tower fund.

Dave Valkenaar, chairman for the premiere, said that service clubs and other organizations have taken blocks of tickets and only 650 seats will be sold. Tickets can be purchased also at the Chamber of Commerce, 100 W. Rincon, 378-6252.

Editorial

Attend the Congress

This Saturday, March 27, the fifth annual Congress for Community Progress will be held in Campbell.

We urge you to attend. You will find it worthwhile.

The Congress opens at 8:30 a.m. at West Valley College for registration and then will break up into panels that will discuss specific issues.

Sponsored by the Chamber of Commerce, every effort has been made by the committee in charge, headed by the Rev. W. H. (Ben) Gould, as chairman for the fourth time, to bring experts to the panels to answer questions and to lead the discussions.

Four basic areas, ecology, education, law & justice and taxation are included in the four major panels. Obviously, those are fields in which we are all vitally interested whether or not we have made our feelings known outside of our own homes.

There is also a fifth panel that has been given the heading of "miscellaneous". It will be moderated by the Rev. Gould.

As the name implies, those problems and questions that cannot be pinpointed under the other specific headings will be taken up in that panel.

Under the Rev. Gould's guidance, that panel could develop into a very interesting affair.

On the other hand, most of the major problems that people are concerned about today, locally and nationwide, can be catalogued under the four other panels.

Ecology, for example, in the last few years has become one of the most used (and abused) words in the English language...And rightly so.

It has to do with environmental conditions that affect us all.

Homer Hyde, of the Campbell Water Co., and a former mayor of Campbell, will be the moderator of this panel.

Hyde is particularly fitted for the job, not only because of the interest he has in his native community, but because of his professional qualifications.

Hyde is now serving as chairman of the Bay Area Regional Water Control Board. Very definitely, he is getting his feet wet in those particular water problems that are ecology-oriented.

The moderator of the education panel is Bob Turk, principal of Rosemary School. There is no question that all of us are concerned about education and all its many ramifications.

Don Burr, police captain and acting chief since Chief John Morgan was stricken on Feb. 13, is the moderator of the law and justice panel.

John Ruppel is moderator for the taxation panel, an issue that is particularly acute and vexing at the present time with income taxes and property taxes looming larger and larger in the horizon.

Ruppel, who is administrative aide to City Manager Bob Stephens has assembled a group of panelists who should be able to cover most of the areas of taxpayer concern, except, of course, how the people are going to pay the bill.

The registration fee, which includes lunch at the high school cafeteria, is only $2.

We submit that is a small price to pay for the opportunity to air the questions that have bothered all of us on all these various sticky phases of community life.

We concede that the panels have general headings and the same discussions, the same questions and the same answers could be forthcoming in any community in this country of ours.

However, it will be the moderator's job to steer the discussions and have the questions of specific nature to apply to this community.

We realize, of course, that based on past experience, the representation at the Congress for Community Progress this Saturday will not be a cross-section of the community as a whole that is desired.

If this Congress follows the pattern set in previous years, the attendance this Saturday will be confined to those who have consistently shown their concern for community problems.

That means, in effect, that many of the same faces will be in the audience as in previous years. Unfortunately there never have been enough faces.

Yet the past Congresses have proved their value.

Many of the recommendations that were made in the early Congresses have been carried out successfully.

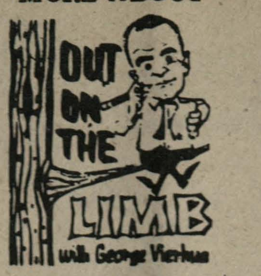
Let us reiterate. It is a tremendous opportunity to make your own feelings known on the vital problems that face this community.

And you may also be able to get an answer right from a panelist's mouth on something that has been bugging you for a long time.

You also will be able to present what you might think could be a solution to a pressing community problem.

And, who knows, maybe others will agree with you.

MORE ABOUT



(Continued from Page 1)

the way we also feel about those people who criticize us for the editorial stand of this newspaper, but then fail to give credit to the space that has been used by opponents of our stand.

We had the office run a tape on the number of column inches that have been used in this newspaper in letters from the supporters of the board members who voted for Royer's devotion and were critical of the Press and of others who opposed the board's action.

It amounted to 183-column inches.

That, of course, probably doesn't mean much of anything to those who are unfamiliar with a newspaper's makeup.

Broken down, however, that means that almost a page and one-half has been used by the letters of that type.

Or to say it another way, if an advertiser would have bought like amount of space, it would have cost him more than $400.

Our personal feelings are exposed in this column and in the editorials.

We maintain that the news stories in The Press have been factual and have endeavored to present the situation as it exists. Many people, because of their emotional state on the issue, apparently do not want the facts to interfere with their thinking and claim the stories have been one-sided.

Despite Steinberg's accusations that "only one side of the story reaches the public", we sincerely believe that has not been the case.

It can't be said that Steinberg hasn't read this paper.

Further the deponent sayeth not.

-0-

ON THE BRIGHTER side, we note that there seems to be a good possibility that in the not too distant future there will be a bikeway along Los Gatos Creek from Campbell Park toward Vasona.

The dream, of course, for years has been to develop the area along the Los Gatos Creek into a park and recreational site.

A committee composed of representatives of the various governmental agencies involved (Santa Clara Flood Control and Water District, the county, Los Gatos and Campbell) are attempting to work together toward a common goal.

All the agencies have indicated their willingness to cooperate in a joint effort toward accomplishing the goal.

Obviously there are many problems to iron out before the section from Campbell Ave. to Vasona and even Lexington will become a park and recreational area.

It is a dream, however, that could conceivably become a reality some day.

In the meantime, however, there are some preliminary stages that can be developed through the cooperation of the governmental agencies and through the help of interested citizens.

We note with pleasure that the flood control people, who really are the key to the eventual development of the creek area, have indicated their willingness to lead the way.

A creek beautification committee that has been in existence for some time was initiated by Campbell people.

Mrs. Edith Morley, chairman of Campbell's Parks and Recreation Commission, has worked strenuously from the beginning to create interest in the creek development program and she is still one of the most active supporters in the program.

And now, after all these months, there seems to be a glimmer of hope that something will be done.

George Kane, publisher of the Los Gatos Times-Observer, is chairman of the creek committee, and he too, is enthusiastic about the prospects, at least for the area along the creek channel.

Citizens support is badly needed. We have a hunch that it will be forthcoming when things begin moving. There is so much that individuals can do.

Take the proposed bikeway project, as an example.

It is estimated that a bikeway following the channel will cost about $7000, complete with blacktopping.

We think that there are enough bike enthusiasts around who will really buckle in and help, i.e., having a bike trail along the creek where it won't be necessary to dodge cars.

We certainly would like to bike on that.

Wouldn't you?

Crocker-Citizens opens Pruneyard branch on Friday

Juniper plants, clock radios and refreshments will be featured this Friday, March 26, when Crocker-Citizens National Bank opens its PruneYard Center office in Campbell.

From 10 a.m. to 6 p.m., the new office at 500 the PruneYard, Crocker's first in Campbell and its 22nd in Santa Clara County, will observe normal banking hours and play host at the open house gala.

Fred P. Doering, manager, said that in addition to the gift juniper plants, there will be chances to win one of 20 clock radios on the Lucky Time Clock and that refreshments will be served.

The PruneYard Center office, Crocker's 282nd in the state, offers safe deposit boxes, night and holiday depository and 12 tellers windows, including drive-in and walk-up windows.

The 6700 square foot facility incorporates the early California architecture of the Town and Country Shopping Center with burnt clay quarry tile floor, Spanish arches, exposed and weathered beams, and wrought iron and rough-sawn weathered wood light fixtures.

MORE ABOUT

Morgan fund

(Continued from Page 1)

go into the John D. Morgan Fund".

Tickets for the buffet can be obtained from any police officer or at Luoto's. They are also available at the sheriff's office.

The buffet will consist of Italian cannelloni, with meat sauce and provoloni cheese. There will be a salad bar, garlic bread and wine, all for $3.

The "John Morgan Fund" was set up to help defray some of the hospital expenses for Police Chief John D. Morgan, 40, who suffered a stroke on Feb. 13 and has been paralyzed since that time.

This week the stricken chief was removed from the Los Gatos Community Hospital to the Westgate Convalescent Hospital on Mayme Ave. across from Prospect High.

Sgt. John Butler said, this week, that contributions to the fund have totalled approximately $5000 to date and that $3100 has been expended on medical expenses.

Contributions can be made to any police officer or at the city hall. Tellers at both branches of the Bank of America (125 E. Campbell Ave. and The PruneYard) will accept contributions.

Police Capt. Don Burr, acting chief, reported that youngsters in his neighborhood turned in $14 from money received from empty Coke bottles they had collected.

LAW AND JUSTICE, Police Captain Don Burr, acting Campbell police chief, moderator. On the panel are Judge Edward Taylor of the Los Gatos-Campbell-Saratoga Municipal Court; Ed Christiani, administrative aide of Assemblyman John Vasconcellos; Bob Dempster, Campbell city attorney; Rusty Hammer, Campbell Youth Commission.

TAXATION, John Ruppel, administrative aide to the Campbell city manager, moderator. On the panel are James Gillespie, business manager of the Campbell Union High School District; John Eastburg, assistant finance director, Santa Clara County; Geoffrey Whitaker, finance director, City of Campbell; Douglas Parker, assistant county assessor.

The Rev. Gould will be the moderator of the fifth panel labeled "miscellaneous". Serving with him will be Britta Tigan, West Valley College student.

According to the Rev. Gould, his panel will be "played by ear" and could develop into something interesting.

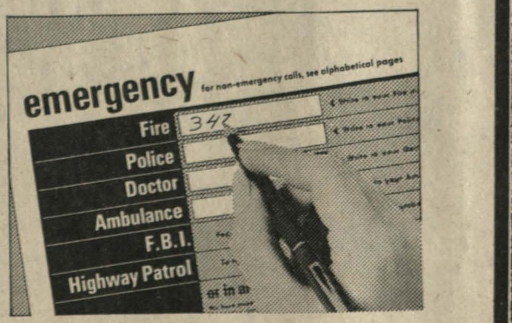
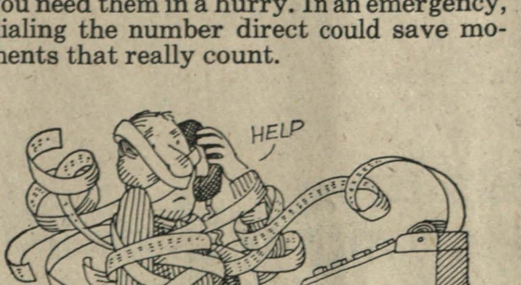
THE PHONE BOOTH

Here's a reminder of what to do if you ever receive a malicious or obscene phone call: simply hang up. Most anonymous callers will be discouraged if they can't find an audience. (In addition, never give your phone number to an unknown caller.) If such calls continue, however, please notify our Business Office. We have employees trained to handle these problems, and many of these callers have been identified. We're working closely with law enforcement agencies to convict violators, which can result in fines and imprisonment. We want to do all we can to help protect your privacy.



Do you have the phone numbers of your doctor, the police and the fire department written inside the front cover of your phone book? If you haven't already put them there, why not take time right now to do it. Then you'll know right where to look if you need them in a hurry. In an emergency, dialing the number direct could save moments that really count.



It's income tax time again, and if you need help, the Internal Revenue Service can answer most questions by phone. The number of your nearest office is in the white pages of your phone book under "United States Government, Internal Revenue Service."

Westmont PTA presents career day at school

Westmont High School PTA, in conjunction with the school, is sponsoring their first Careers Day, on campus, today (Wednesday), March 24.

Sophomores, juniors, and seniors have an opportunity to hear a presentation, and ask questions, about their choice of four out of 37 career possibilities, presented by local professional people and West Valley College faculty.

Displays in the gymnasium include the Campbell Police Dept., a business school, a modeling school, an airline, and the telephone company.

As a follow-up, the evening program at 7:30, which will be for students and their parents, will consist of talks by Mel Estrada, discussing the San Jose Vocational School; Mrs. Mary Parker, presenting the state college system, and Warren Sorensen, discussing West Valley College.

There will be an opportunity for the audience to question the speakers following their presentations.

The program will be in the cafetorium of Westmont High School, 4805 Westmont Ave., Campbell. Refreshments will be served.

Camden Hi Notes

by Donna St. Cyr

"I've learned a lot of things here I think will help me, especially appreciation of people." These are the words of Todd Zimmerman, Senior of the Month for March.

Todd has taken part in football, baseball, and wrestling all of his years here at Camden, with the exception of his junior year which he spent in Vermont.

A typical shutterbug, Todd plans to attend college for two years and then enlist in the Navy as a photographer, "If I'm not drafted by that time."

In regard to John Lennon's statement "I don't believe in Zimmerman," Todd candidly replied "I don't either".

"Overall it's been fun, but I'm glad that it's almost over," sighs Michele Fleury, Senior of the Month, in regard to high school.

Michele was class secretary when she was a freshman, and has been a cheerleader, frosh-soph and varsity. Her most recent achievement was being honored as Homecoming Queen.

A basically carefree person, Michele gets the most out of life by, in her own words, "Accepting all things as they happen without getting hassled over them, especially little things."

Future plans include going to West Valley College next fall and training to become a nursery school teacher.

* * *

Approximately twenty of Camden's juniors and seniors are currently tutoring during their study halls at Metzler Elementary School. The students tutor first through sixth graders in reading, and also help the teacher with other class activities.

Other elementary schools in the district have participated in this type of tutoring program with great success. The faculty at Metzler had discussed starting the program in previous years, but only this year did it get beyond the planning stage.

The response of the students towards the program has exceeded what Mr. Jones, principal of Metzler, and Miss Lathrop, dean of girls here at Camden, had hoped for.

This program will last for the rest of the school year, and if results are good, Camden students will also be tutoring at Metzler in future years.

* * *

The Senior Ball will be held at The Los Altos Country Club on April 23, from 9 to 12 midnight. The theme for the ball is "Candles In The Rain." Green and silver are the colors chosen.

Music will be provided by "Dutch East India Company." The bids will be about $5 per couple.

Branham High

By Roberta George and Mary Watson

The sky's the limit and Branham's S.A.F.E. Club, student action for environment, takes advantage of this in order to hold a kite flying contest. The event, which is being held to emphasize the idea of fresh air, will take place March 27 from 11-2 p.m. and is open to everybody.

* * *

The third quarter is ended right when Social Affairs Commission and Block B combine to sponsor a dance March 26 from 8-11 p.m. in the Bruin cafeteria.

* * *

Meanwhile, the BHS French Club, headed by president Dominique Le Mercier, (also an exchange student), will travel to San Francisco this Saturday to see the movie "Rise of Louis XIV". Afterwards the group will sample some French cooking in a local restaurant.

* * *

The Associated Girls' Athletics League will present SCATS, a Long Beach championship gymnastics team, April 8 at 8 p.m. in the Bruins' gym.

Olympians Cathy Rigby and Wendy Cluff along with 38 other outstanding gymnasts are scheduled to perform at the team's only Bay Area appearance of this season.

Tickets can be obtained through the Girls' P.E. Department at the price of $2 and $1.50 for adults and those 18 or under, respectively.

All proceeds will go to the different gymnastic teams in the Campbell District.

* * *

Meanwhile Branhams' CSF-Honor Society selected new officers for the spring semester. Junior Kevin Shomura will head the group as president along with Vice-President Mark Boyce.

Keeping the books and taking the notes will be Treasurer Patti Marshall and Secretary Marilyn Klinger.

The club is currently making plans for their San Francisco trip in May.

Del Mar class of '61 plans reunion June 19

The Del Mar High School Class of '61 has announced their Ten Year Reunion to be celebrated with dinner and dance on Saturday, June 19, at the Little New Yorker in Santa Clara.

Members of the reunion committee include: Virginia Sierra Canciamella, Sharon Suglian Craig, Ann Wright Evans, Terry Gallagher Gianneto, Bobbie Tremper Wagner, Carol Erickson Golbranson, Shelly Johnson Johnson, Joyce Bruzzone LoFranco, Sandy Fantaine Menard, Jo-Ann Schroeder Ulloa and Judy Paganelli Bozzo.

Former classmates may obtain further information by calling Judy Paganelli Bozzo at 227-4593.

Campbell High School orchestra presents concert this Friday

Campbell High School music department will feature the orchestra in concert Friday, March 26, in the Campbell High auditorium at 8 p.m.

Under the direction of Bill Perkins, the orchestra will perform "Prometheus" Overture by Beethoven, the third movement of the Vivaldi "A Minor Violin Concerto", "Gymnopedies No. 1" by Eric Satie, and a contemporary work "Movement for Orchestra" by Vaclav Nelhybel.

Several young Campbell High artists will also display their talents. Joanne Jacovides will perform the violin solo "Nigun" by Ernest Block with Monica Bianchi at the piano. A piano/string quartet will do the Rondo Movement from the Mozart "G Minor Quartet". Alden Skinner at the organ will play Georg Frederich Handel's "Orgel-Konzert in F Major".

The orchestra will also play selections from the hit rock musical "Hair" with special lighting by John Rhoades' Alternating Realities. Admission to the concert is $1 for adults and 50 cents for students with a Campbell High student body card and children under 12. Tickets may be purchased from any orchestra member, the high school office or at the door the evening of the concert. Proceeds from the program will be used to support the music department activities.

YOUTH COUNCIL DANCE

St. Lucy's Youth Council is sponsoring a dance on Saturday, March 27. The doors open at 7:30 p.m. and the dance starts at 8 and will end at midnight. Band music is ELWIC.

Admission at the door is $1.50 and pre-concert tickets are available at 75 cents by telephoning 378-7593. The dance will be held at 2350 Winchester Blvd. in Kennelly Hall.

GRANGE SERVES

Orchard City Grange will serve breakfast at their hall, 109 N. First St., Campbell, on Sunday, March 28, from 9 a.m. to 2 p.m.

The public is invited.

TO PERFORM FRIDAY--- Pictured are members of the piano/string quartet of the Campbell High orchestra that will present a concert this Friday at 8 p.m. Left to right Martin Lee, viola; Karen Hastings, cello; Monica Bianchi, piano; and Joanne Jacovides, violin. Standing is Bill Perkins, director.

MARCH 24:

On this date in 1969, a Mars-bound Mariner 7 was launched. On August 5, passing within 2,000 miles of the planet, the probe sent back photographs and temperature measurements.

SOCIAL SECURITY

Questions and Answers

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
SOCIAL SECURITY ADMINISTRATION

First checks to include the new 10 percent monthly benefit increase authorized in legislation acted upon recently by congress will reach 26 million social security beneficiaries on June 3. Robert M. Ball, commissioner of social security, said that the regular June 3 checks covering benefits for the month of May will reflect the new higher monthly amount.

Separate checks, scheduled to reach beneficiaries later in June will cover the amount of the increase for the months of January through April. Ball emphasized that social security beneficiaries do not need to get in touch with a social security office to get the checks.

The payments will be mailed to beneficiaries automatically. It will take a little over one month, Ball said, to refigure the benefit amounts for all beneficiaries, including the adjustment to take account of events that have affected their individual benefit payments for a particular month in the retroactive period.

Over 2.5 million such adjustments are required in a typical month, he said, for such reasons as the death of a beneficiary, the remarriage of a widow, a child's attainment of age 18, a beneficiary's earnings, etc.

The refiguring of benefit amounts is being scheduled so as to avoid delay in the regular delivery of the April 3 and May 3 checks, he said. Those checks will be for the amounts payable to beneficiaries before enactment of the 10 percent increase.

By the first of May, the new records will have been produced by the computers on magnetic tapes showing the new monthly amount for each beneficiary and the amount of his retroactive increase. The Treasury Department will need the month of May to print the checks and turn them over to the post office department for delivery to social security beneficiaries on June 3.

TROPHY WINNERS --- Members of Campbell High's spirit groups pose with the trophies they won at a western states tournament recently. Campbell High is now western champion and will continue to compete in similar events.

High school spirit group wins western U.S Championship

Campbell High's spirit groups are the champions of the Western United States. They won that title in competition with more than 50 schools from western states in a tournament held at Salinas March 6-7.

They have the trophies to prove their title—a whole cabinet full. The sweepstakes trophy—six feet tall—and five other trophies for each of the groups that participated in the contest were awarded to Campbell High by the National Judges Association, sponsors of the contest.

The championship was won by Campbell because the school scored the highest total of points given in five different group contests.

The trophies are permanent awards for the school. "We'll have to build a new display cabinet to house them," exclaimed Principal Robert Peck as he proudly viewed the awards.

"We're especially proud of these girls and boys because they did all the work themselves," said Garrylee Cunningham, dean of girls and sponsor of the groups.

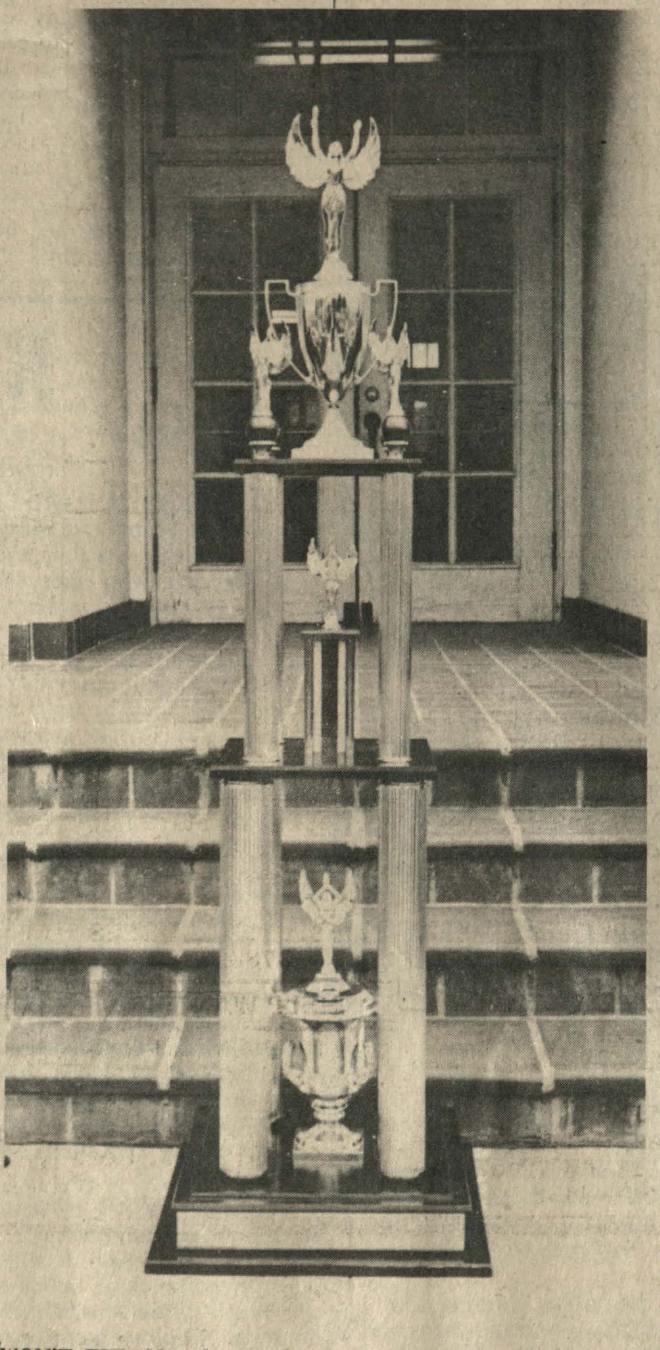
"The students designed their routines, worked out all the details, planned times for drilling and then just worked and worked."

Student members of the championship groups are: majorette, Ingrid Berghout; drum majors, Mike Powers and Bill Branson; cheer leaders, Vickie Brown (head), Liz Doss, Lori Yeager; flag girls, Debbie Wright (head), Sue Shalk, Cindy Sato, Ann Tuttle, Sherrie Stevenson; song girls, Cathy Evola (head), Petra Baumgart, Vonda Strong, Jeannie Traina, Sue Mitchell, Gay Queen; pirettes, Carole Kocjan (head), Patrice Trevoledes, Cindy McKay, Sandy Spivey, Vickie Ferrari, Ricci Mann, Kathy Huddleson, Penny Scott, Valerie Chance, Gloria Hare, and Sandy Ellis.

Accompanying the groups to Salinas were Miss Cunningham, and teachers Nancy Goldman, Clarence Savage, and Pat Brimmer.

The Campbell Spirit groups won previous awards in November when they hosted the Santa Clara Valley tournament. Approximately 700 students representing 30 area schools participated in that tournament.

They hope to win some more trophies in future competition. Two state tournaments are now scheduled: one at Fremont on March 27, and the second at Ignacio on April 17.



WON'T FIT---No, the trophy won by Campbell High's spirit group will go through the door but there certainly isn't a case in which the six-foot trophy will fit. The trophy and five smaller ones were won at a tournament in which some 50 schools participated.

PHARMACY PHACTS

By

St. Lucy's "Trojans" conclude winning season in cage play

St. Lucy's 7th grade basketball team the "Trojans" concluded a victorious season last week by defeating St. Leonards of Irvington by a score of 33 to 13.

This win clinched first place for the "Trojans" in the "B" division of the Santa Clara valley CYO league.

Coached by Campbell Police Chief John Morgan, before he was stricken, and assisted by George Reilly and Tom Feasby, their league record was 9-1.

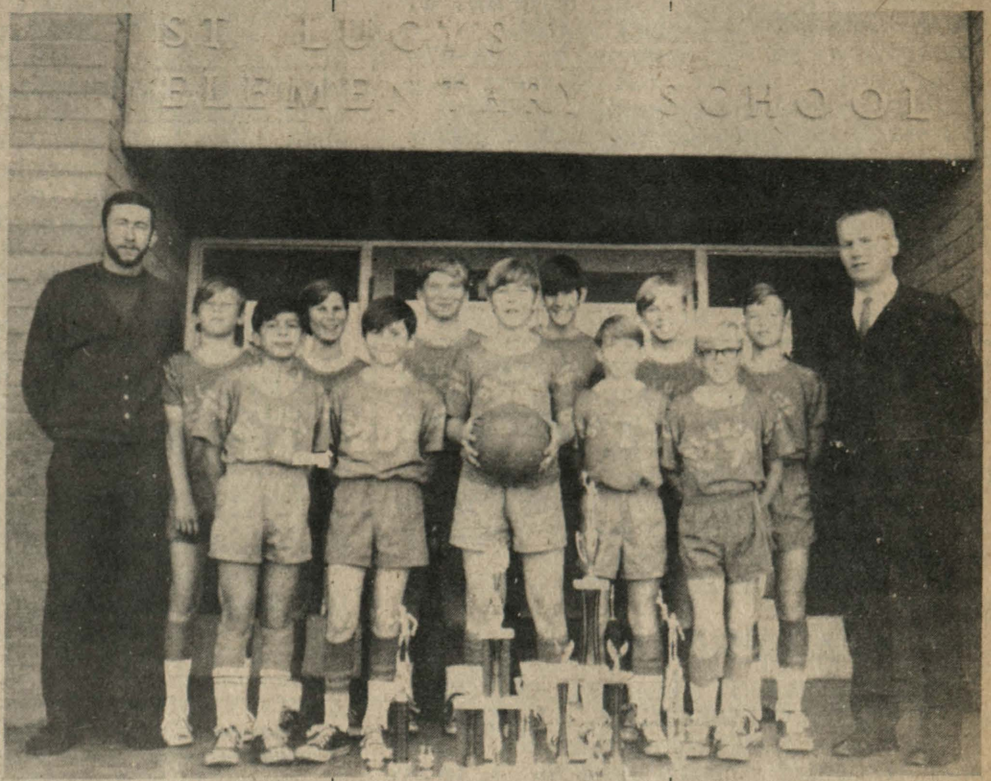
In addition to capturing the first place trophy for their league standing, St. Lucy's entered two mid-season tournaments sponsored by St. Christophers and St. Martins parishes respectively.

The St. Lucy "Trojans" lost to St. Claires (Santa Clara) in the opening round of the St. Christophers tournament and went on to defeat St. John Vianney (E. San Jose) and St. Justins (Santa Clara) to win the Consolation game. Captain Jeff Caselegno was picked for the first team all-stars.

Three successive wins in the St. Martins tournament over St. Marys (Los Gatos), St. Justins (Santa Clara), and St. Raymonds (Menlo Park) brought them to the finals against the host team.

Winning three quarters of the final game against the tournament sponsors, they were edged out by three points in a last minute thriller to take second place.

In addition they received the sportsmanship trophy for tournament play, and placed Randy Kay on the first team all-stars, with Jeff Caselegno and George Reilly both receiving honorable mention awards.



ST. LUCY'S "TROJANS"--- Pictured are members of the 7th grade team at St. Lucy's. The "Trojans" have just concluded a winning season.

Front row, left to right, David Campos, Bill Hennessey, Jeff Caselegno, captain; Roy Lanoie, Curtis Boothe. Back row, left to right, Tom Feasby, assistant coach; Tom Beck, Paul Richards, Randy Kay, Andre Raiche, Paul Feasby, George Reilly, George Reilly, Sr., assistant coach.

Santa Clara Valley Science Fair takes place Saturday, March 27

Sharing the spotlight with science students from Gilroy to Palo Alto, sixth through 12th grades, at the Santa Clara Valley Science Fair Saturday, March 27, is NASA astronaut Col. Edwin E. "Buzz" Aldrin Jr.

As lunar module pilot for Apollo XI in July 1969, the first manned lunar landing mission, he holds the individual record for total EVA time with 7 hours and 52 minutes.

Research projects are being completed by hundreds of valley students for public viewing and judging, in earth-space science, ecology, medicine/health, botany, zoology, micro-biology, behavioral science, chemistry/biochemistry, physics, and electronics-computers categories.

The big annual Valley Science Fair will be held in the Pavilion Building at County Fairgrounds. Movies, including an actual NASA moon-walk film and special science films produced by Pacific Telephone Co., will be shown by San Jose JayCees during the day on Saturday, when the fair is open to the public without charge from 9 a.m. to 7 p.m.

BUZZ ALDRIN, JR.

Exhibits will be judged by more than 75 professionals in science and engineering fields on Wednesday, and top awards will be presented by Col. Aldrin at Award Ceremonies Saturday at 7:30 p.m. in Fiesta Hall.

Astronaut Aldrin is a graduate of West Point with a Doctor of Science degree in Astronautics from MIT, and holds a host of honorary degrees.

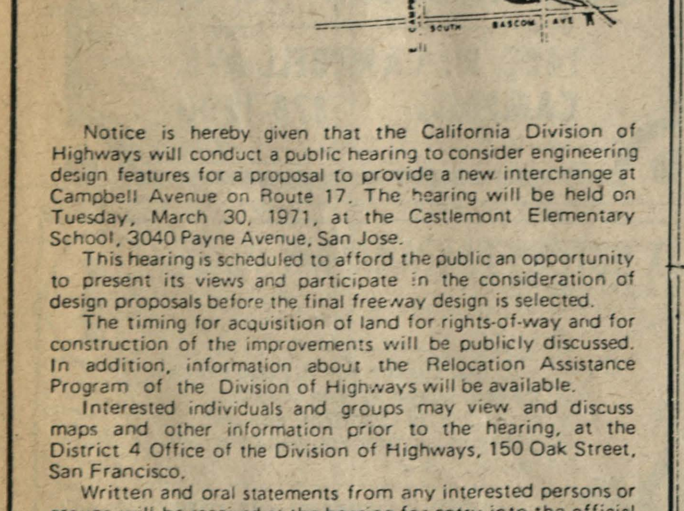
PUBLIC NOTICE

NOTICE OF PUBLIC HEARING TO CONSIDER ENGINEERING DESIGN FEATURES FOR PROPOSED CONSTRUCTION ON ROUTE 17 BETWEEN 0.4 MILE SOUTH OF CAMPBELL AVENUE TO 0.1 MILE NORTH OF HAMILTON AVENUE.

WHERE:	WHEN:
Castlemont Elementary School 3040 Payne Avenue San Jose, CA	Tuesday March 30, 1971 8:00 p.m.



Notice is hereby given that the California Division of Highways will conduct a public hearing to consider engineering design features for a proposal to provide a new interchange at Campbell Avenue on Route 17. The hearing will be held on Tuesday, March 30, 1971, at the Castlemont Elementary School, 3040 Payne Avenue, San Jose.

This hearing is scheduled to afford the public an opportunity to present its views and participate in the consideration of design proposals before the final freeway design is selected.

The timing for acquisition of land for rights-of-way and for construction of the improvements will be publicly discussed. In addition, information about the Relocation Assistance Program of the Division of Highways will be available.

Interested individuals and groups may view and discuss maps and other information prior to the hearing, at the District 4 Office of the Division of Highways, 150 Oak Street, San Francisco.

Written and oral statements from any interested persons or groups will be received at the hearing for entry into the official transcript. Public hearing records will be kept open thirty days after the hearing until April 29, 1971, during which period letters or statements may be included in the record. These may be mailed to:

Mr. Alan S. Hart, District Engineer

Attorney for Petitioner

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SANTA CLARA
In the Matter of Petition of
WILLIAM LEWIS PAYROE
for change of name.
NUMBER: 252529
ORDER TO SHOW CAUSE
(CCP 1277)

WHEREAS WILLIAM LEWIS PAYROE, petitioner, has filed a petition with the clerk of this court for an order changing petitioner's name from William Lewis Payroe to William Lewis Carter, Jr.

IT IS ORDERED that all persons interested in the above-entitled matter appear before this court at 8:45 A.M. on April 21, 1971 at the courthouse in San Jose, California, County of Santa Clara, and show cause, if any, why the petition for change of name should not be granted.

IT IS FURTHER ORDERED that a copy of this order to show cause be published in Campbell Press a newspaper of general circulation printed in the County of Santa Clara, California, once a week for four successive weeks prior to the date set for hearing on the petition. (CCP 1277)

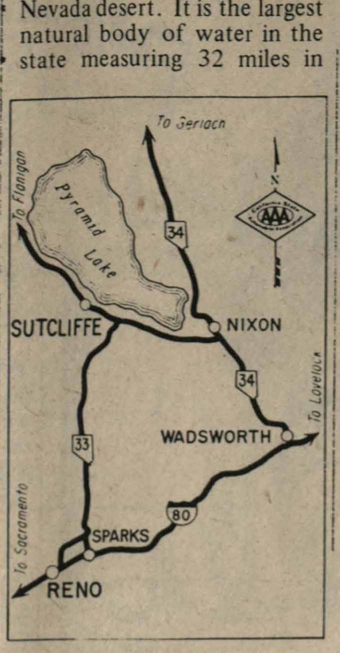
Pyramid Lake gets name from large rock rising from water

One of the great lakes of the west is located just 33 miles north of Reno, in the Nevada desert. It is the largest natural body of water in the state measuring 32 miles in length and 12 miles in width.

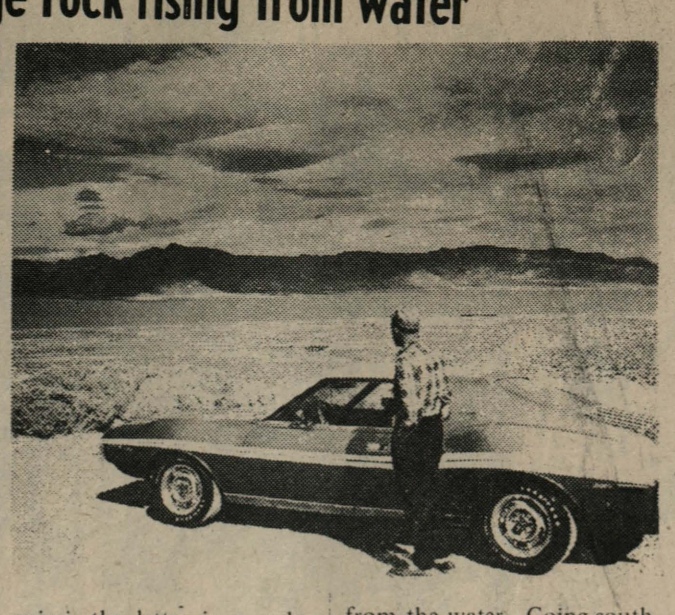


The lake was named by Captain John C. Fremont who, seeing it for the first time in 1844, noticed a large rock rising from the water that reminded him of the great pyramids of Egypt.

This deep blue inland sea is remnant of Lake Lahontan, a great body of water that once occupied much of the Great Basin region. The lake probably has not changed much since Fremont saw it over a hundred years ago.

It is still one of the most beautiful natural wonders of the west and is the home of the Paiute Indians who live within the boundaries of the Pyramid Lake Indian Reservation.

The lake is popular for cutthroat trout fishing and is stocked with this variety of fish. Other varieties include the Sacramento perch and the cui-ui, the latter is a sucker that is found only in Pyramid.



Near the south end of the lake is a large flat island named Anaho Island. It is a federal bird sanctuary and a breeding ground for more than 10,000 huge white pelicans.

Scattered around the lake are numerous tufa rock formations, interesting geological formations that add unusual dimension to the otherwise flat shores of the lake.

The road from Reno (Nevada State Highway 33) is a good, asphalt surface that whisks you there in about a half hour, says the California State Automobile Assn. You can drive up the western side of the lake about 12 miles north of Sutcliffe, where the road swings further west away from the water. Going south the highway takes you to Nixon, a small town which is headquarters for the Indian families living on the reservation.

Pyramid Lake was called by Fremont, "....a gem in the mountains." Part of its fascination comes from the fact that its deep blue surface is such a contrast to the surrounding sand and sagebrush and treeless peaks of the Nevada desert.

Whether you are a fisherman who wants to try your luck for the cutthroats, a rockhound looking for new hills to explore, or just a sightseer out for an afternoon's drive---Pyramid Lake is well worth the trip.

New Books BOOKS at Campbell Library

ELEVENTH HOUR: A HARD LOOK AT CONSERVATION by Alexander B. Adams, (Non-fiction 333.72)

Here is a valuable, startling, eye-opening report of concern to every American who cares about our resources, our land, water and sky. It is a hard-hitting, no-holds-barred and informed book for everyone who "gives a darn". "There is room for grave concern," says Mr. Adams, "but not gloom". The purpose of this book is the study of some of the successes—and the failures—that have occurred and to point out some fresher approaches we might take and new paths we might either explore or expand. Conservation needs people, not people who are seeking publicity but practical idealists who know how to analyze a problem carefully, set priorities and get a job done.

BONKEI: TRAY LANDSCAPES, by Jozan Hirota (745.92 - Non-Fiction)

Bonkei, the creation of miniature landscapes, is one of the many traditional arts of Japan that involve the delicate suggestion of natural beauty through careful stylization. In Bonkei, one may use artificial trees, rocks, moss which makes for greater scope than does the patient cultivation of miniature trees that is Bonsai. Bonkei may be created in many forms: on trays, in frames or in hanging pots. The elements of perspective and the scenes best suited to each container are also fully discussed, along with illustrations of tools and processes, and many color photographs of exquisitely finished landscapes.

THE COST OF LIVING, by Ruth MacDougall (Fiction)

In this beautifully wrought novel, Mrs. MacDougall has taken the most ordinary details of daily life and woven them into a stunning work of fiction whose climax is the beginning of the book. Three women are shot with a deer rifle while shopping in a supermarket in a small town in New Hampshire. Their assailant is Polly Hall, a local girl whose husband is a teacher at the high school. What has brought Polly, who might be any wife or mother in the country, to this act of madness and violence. The story is told by her friend Jane Chase.

SHE'LL NEVER GET OFF THE GROUND, by Robert J. Serling (Fiction)

When Trans-Costal Airlines' personnel manager received Dudney Devlin's application for pilot training, he was really impressed as young Devlin had 4000 hours flying time. When Dudney Devlin turned out to be a young woman, the picture suddenly changed. Sensitive to the anti-discrimination laws, TCA had to accept her, but they conducted her training program "by the book," with the intention of washing her out and thus demonstrating the impossibility of her ambitions. Miss Devlin, however, proved to be something special, right up to the exciting climax.

Paula Marie Hurley is engaged

PAULA HURLEY

Former Campbell Postmaster and Mrs. James Hurley, of 1143 El Solyo Ave., Campbell, have announced the engagement of their daughter, Paula Marie, to Jeffrey Lynn Miles, son of Mr. and Mrs. Lawrence Miles of 1311 Cameo Dr., Campbell.

The couple have set April 17 as their wedding date.

The announcement was made at an engagement party attended by parents of the young couple.

Paula was graduated from Del Mar High and attended West Valley College and is now employed by Sylvania Electronics in Mt. View. She will be honored at a bridal shower on March 31.

Jeffrey is also a graduate of Del Mar High and will graduate in June from West Valley College. He is presently employed as shop foreman at Baker Trailers in Campbell.

HONORED—Pictured receiving honorary life membership and service awards for PTA are Del Mar Parent-Teacher members Grace (Wright) Kawakami, Jean (David) Schrader, and Celia (Paul) Neil, as part of the Del Mar unit's Founder's Day observance.

Next activity of Del Mar PTA is the card party held one week from tonight, Wednesday, March 31, at 8 p.m., in the school cafetorium. Tables can be arranged by calling Jean Schrader, 266-7737, or tickets for this fund-raising event can be obtained at the door.

Susan Wilson is engaged

SUSAN WILSON

Mr. and Mrs. Calvin Wilson, of 139 W. Rosemary Lane, have announced the engagement of their daughter, Susan, to Tom Skalland, son of Mr. and Mrs. Harley Skalland, of Benicia.

The announcement was made at an engagement party at the Wilson home attended by relatives and friends.

Susan was graduated from Campbell High and attended Rick College and Brigham Young University. She is now employed by J. M. McDonald's.

Tom, who has had Navy service, is a graduate of Hogan High School and Vallejo Junior College and attended San Jose State College. He is a member of the San Jose police department.

The couple have set June 12, 1971, as their wedding date.

Artist's Guild has annual show at Bodega

Gene Glissman's "floral" painting was awarded Best of Show title at Campbell Artist's Guild's annual Officers Show at Bodega restaurant recently.

Oil awards went to Dick Olivas for "Working Day" and second to Regina Greenleaf for "Still Life".

The water color group was won by Loreta Ostrom for "Mayberry Farm"; Sybil Chun was judged second.

Mixed media awards were won by Florence Engelder, "Roses" and second was awarded to Nadine Wright for her "Victorian House".

"Reflections" by Wreatha Tollefson won first place in acrylic and "Spring" painted by Joyce Clooins took the second place.

GARDEN CLUBS

Santa Clara Valley District Garden Clubs, Inc. will hold their fourth board meeting, followed with a potluck luncheon on Friday, March 26, at 10 a.m., at the home of Mrs. B. A. Brigham, 1115 Queen Anne Drive.

All club presidents take note of the important conference meeting April 2, at 10 a.m., to be held in the home of Mrs. Charles Buran, district chairman, 1288 Avis Drive.

Cabrini Community Theater to offer "Pinafore" this weekend

The Cabrini Community Theater will present the world famous Gilbert & Sullivan Comic Opera "H.M.S. Pinafore" at the Los Gatos High School auditorium on Saturday, March 27, and Sunday, March 28 at 3 p.m.

This comic opera is being sponsored by the Vietnam Memorial Committee, a non-profit, non-political group of parents and persons who want to erect a monument to honor those who have served and those who have given their lives in Vietnam.

"Pinafore" is being produced both as a fund-raiser and as a cultural offering to the local community.

The cast of over 30 is composed of performers from 12 to 30 years of age. They have performed "Pinafore" in San Jose, Cambrian Park and Palo Alto. The operetta is directed by John P. Healy, Jr., of the Stanford Music and Drama Dept.

Heading the cast will be Jeffery Wayne as the Captain of the Pinafore. Wayne is currently with the San Jose Music Theater and will be seen in the title role of their upcoming "Man of LaMancha".

Opposite Wayne will be Robbi Thornburg as the Bumboat woman, Buttercup. Robbi is well known for her appearance with the West Valley Light Opera and is assistant director for the San Jose Childrens Musical Theater.

Sir Joseph Porter will be portrayed by Mark Healy.

The romantic leads, Josephine and Ralph, will be sung by Nancy Riaza and John Healy with Ed Sudyka of St. Joseph's Seminary as the Boatswain.

Dick Deadeye is done by Rick Dolen of Los Gatos High School.

"H.M.S. Pinafore" is a musical satire on the British Navy. It deals with the question of rank and authority, in a very light way. The conflict arises because the captain and Ralph, a mere foremast hand, had been mixed up in childhood by their nurse, Buttercup; and Ralph is actually the captain, and the captain is the foremast hand. This change in social position works very nicely for the various loving couples, who become free to wed when the true social standings become clear.

For this production, Jim Jones designed and built a mock cardboard version of the "Pinafore", complete with cannons. Ann Sudyka designed and guided a costume crew in the making of the period dresses and the U.S. Navy provided a loan of the flags, pennants and pants.

For further information and tickets call 356-2260 or 354-8577.

DRESS REHEARSAL—John P. Healy, Jr., Nancy Riaza and Mark Healy, appear to be thoroughly enjoying their roles in "Pinafore" which will be presented this Saturday and Sunday, March 27-28, in Los Gatos.

Fashions to aid cerebral palsy

A fashion show to benefit one of the main projects of the Elks Lodge, the fight against cerebral palsy, will be held at the Los Gatos Elks Lodge on Winchester Blvd. at Lark this Saturday, March 27.

The theme of the show, for which Malatesta's in the PruneYard is furnishing the fashions, is "Paris in the Spring".

Refreshments will be from 7:30 to 8:30 and the fashion show will go on at 8:30 p.m. There will be door prizes and dancing to taped music after the showing.

Donation for the event is $3 per person.

THOMAS ARTHUR (ART) ROBINSON
---pioneer resident succumbs

Pioneer resident dies shortly before reaching 100 th birthday

Just seven weeks before his 100th birthday, death came to Thomas Arthur (Art) Robinson on Thursday, March 18. He had resided in Campbell for more than 65 years.

Born in Colorado Springs, Colo., on May 6, 1871, Robinson attended grade school and high school in Colorado Springs. He was graduated from Colorado School of Mines and worked as an assayer in Leadville, Colo., after leaving school.

He was a professional hockey player while in Leadville and also joined the 1st Colorado Militia. He often recalled riding with Teddy Roosevelt on a recruiting expedition.

His unit was called into service during the Spanish-American War and he served both in Cuba and the Philippines during that conflict.

It was while his outfit was waiting to be shipped out in San Francisco that Robinson first became acquainted with the Santa Clara Valley. After he was mustered out he settled in Campbell.

In 1906 he married the former Elena May McCaughey, whose family had settled in Campbell after moving here from Ohio. They celebrated their 50th wedding anniversary in 1956. Mrs. Robinson died in 1968.

Robinson is survived by a son, Victor A. (Bert) Robinson, long-time coach at Campbell High, a daughter, Mrs. Helen Rose of Campbell and another daughter, Mrs. Eva Coffin of El Cerrito. He was the grandfather of seven and great-grandfather of three.

Funeral services were conducted on Saturday at 2 p.m. in the Campbell Memorial Chapel with burial in Los Gatos Memorial Park. Charity Lodge No. 362 F&AM, of which he had been a member for 53 years and was a past master, officiated at the services.

Robinson, who was employed for many years in the old Whitman Hardware Store in Campbell and also by Orchard Supply, had been a member since 1906 of the Oddfellows Morning Light Lodge in Campbell, of which he was past noble grand.

The family home in Campbell was at 32 S. Second St., for more than 50 years. The house was removed from the location about four years ago.

ARCHIE C. KEESLING

Memorial services for Archie C. Keesling, 84, were held in Kailua, Hawaii, on Saturday, March 20. Mr. Keesling died in a hospital after a brief illness.

A native of Indiana, he moved to California where he spent many years in and around Campbell as a painter and building contractor.

When his wife retired as a teacher from the Campbell School District, the Keeslings went to Hawaii to visit their daughter but remained and spent their retiring years in Kailua.

He and his wife were active in the Methodist Church and Senior Citizens of Kailua. "Archie", as he was known to his many friends around Campbell, was a charter member of the Kiwanis Club of Windward, Hawaii and was a past president of the club. In 1956 he served as lieutenant governor of Kiwanis Div. 22.

Mr. Keesling is survived by his wife, Mabel S. Keesling; a son, Cecil, of Kailua, two grandchildren, Michael of Boston, Mass., and Brian of Kailua, and two brothers, Russell R. Keesling, of San Jose and Joe S. Keesling of Campbell. A sister-in-law, Mrs. Wilmay Lea, also resides in Campbell.

PROMOTED IN VIETNAM

Sanitation District No. 4 hopes to hold tax rate at 24-cents

County Sanitation District No. 4 proposes to hold its 1971-72 tax rate at the current year's amount of 24 cents, according to Steve Goodman, engineer-manager of District No. 4.

A contributing factor in holding the tax rate at the current rate, according to Goodman, is the proposal to lower the appropriation for salaries and fringe benefits by $11,800 by not filling two vacated positions in the engineering department.

An additional savings will result from a $5,000 reduction in workmen's compensation insurance premium due to a favorable re-rating of wastewater collection systems maintenance employees of special districts.

On the other hand, County Sanitation District No. 4, Goodman reports, anticipates a $39,200 (18 per cent) increase in its share of the operating costs of the San Jose-Santa Clara Water Pollution Control Plant, resulting from addition of facilities to disinfect the effluent from the plant prior to discharge into South San Francisco Bay.

The District's proposed budget for the first time, includes a $10,900 sinking fund appropriation for replacement of motor vehicles in future years.

County Sanitation District No. 4 plans to purchase 8-million gallons per day capacity in the 1971 expansion of the San Jose-Santa Clara Water Pollution Control Plant at an estimated cost of $3,142,500 to provide for its anticipated growth through 1985.

District 4 plans to pay the City of San Jose a "down payment" of $1,607,100 prior to June 30 of this year, followed by a payment of $310,500 in fiscal year 1971-72 and approximately $156,700 annually for the 20 succeeding fiscal years.

Approval of a tentative bond issue in 1975 would provide for termination of annual payments for the additional capacity and anticipated need to upgrade the Water Pollution Control Plant to meet higher San Francisco Bay water quality standards.

District No. 4 has projected its operating and capital costs for providing wastewater collection and disposal facilities through fiscal year 1976-77, and anticipates that its tax rate will increase from 24 cents in 1972-73 to 33 cents in 1976-77.

This tax rate projection does not allow for possible federal-state financing of 50 per cent of the cost of the 1971 expansion and the 1975 upgrading of the San Jose-Santa Clara Water Pollution Control Plant.

If these grants are obtained, the District's future years capital budgets would be substantially reduced. Such financing will enable the District to hold its tax for the next six years at approximately the present rate of 24 cents.

In addition to its tax levy of 24 cents, District 4 levies a $24 annual service charge per year for each single family dwelling and proportional amounts on multiple dwellings and commercial and industrial establishments.

The present District board of directors, is comprised of Dean R. Chamberlin, mayor of Campbell; Joseph A. Colla, San Jose councilman; Charles DeFreitas, mayor of Los Gatos; Stephen C. Dorman, councilman of Monte Sereno; Gary C. Gillmor, mayor of Santa Clara; Ralph H. Mehrkens, supervisor, 4th District, and Charles H. Robbins, mayor of Saratoga.

The directors will conduct hearings on the budget at its board meetings April 8 and 28, commencing at 7:30 p.m. in the District's office, 100 Sunnyoaks Ave., Campbell.

SERVICE AWARD --- Walter R. Silberbauer (center), superintendent of maintenance and operations for Sanitation District No. 4 for 20 years, was given special recognition at the first service award banquet of District No. 4. Participating in the ceremonies were Mayor Dean Chamberlin (left) of Campbell and Supervisor Ralph Mehrkens.

Service pins were also presented to Donald Armstrong, James Beyer, Glen Geisinger, Earl Stover and Edward Zarate (five-years); Willard Cary, Fred Hieber, Claribel Johnson, Norman Slikoff, DeLora Spence, Fremont Zschokke (10-years); Paul Brownfield, Stephen Goodman, and Everett Olson (15-years).

Three employees also received special maintenance certificates. They were Fred Hieber, Edward Zarate, and Ralph Johnson.

4-H CLUB MEMBERS

by Cindy Peterson

On Saturday, March 13, the North County 4-H "Share the fun contest" was held at Milpitas High School.

Campbell 4-H Club participated with a skit called "Which 4-H project?" and received a gold award.

Deana Tantillo, Roxanne Smith, Diane Neil, Kelly Show, Kathleen Clancey, David Cassingham, Connie and Clarissa Bauer, Sylvia Stanford, Lynn Smith, Leslie Faulconer, Caprice Tantillo, Suann Mariani, Mark and Nora Smith, Bret Bauer, Tom and Nancy Chivers, Mike Cassingham, Linda and Kathy Vigliecca, Cindy Peterson, Becky Smith, Colleen Clancey, Susan Faris, Cindy Ray, Lisa Horn, Kathy Loman, were in the skit.

The lead was played by Sharon Cassingham.

DARTING AROUND

with Tom Carroll

On Sunday, March 14, a select team from the South Bay League met a select team from the old Bridge League in what was described as an all-star match. The field of battle was Ike's Colonial Kitchen in Newark. The match was a twenty-five point affair played under the same rules as the NCDA-SCDA All-Star Match.

There were ten singles games at one point each. Then there were five doubles matches for two points each. These doubles matches were games of 301, best two out of three games for each match. The final event was a 1001 team match for five points. This also was best two out of three games.

The Bridge League was suffering from that nemesis of all dart players "double trouble." Singles champion Tony Chavarria took seven darts to get started against the South Bay's Roy Haslam. Roy was down to 139 before Tony got started. Thirteen darts later Roy hit the double four for the out.

The South Bay's Des Maples then defeated Pat Murphy in a 13 dart game. Jim and Ben Macredes took the next two from Phil Albers and Bob Small. Then "double trouble" hit the South Bay. Harry Stephens couldn't get away, giving the Bridge League its first win in the form of Ken Cox.

Jack Mahtela, Willy Buhl and Rich Spelts won the next three for the South Bay by defeating Burke Jansson, Ron Rutherford and Herb Washkowski. The South Bay Select now held a solid 7-1 lead.

The last two games in the singles series went to the Bridge League's Tom Patton and Don Halter. The score was 7-3 at the end of the singles.

DOUBLES MATCHES

The first of the doubles matches pitted Roy Haslam and Des Maples against Tony Chavarria and Don Halter. Haslam and Maples took the first game with Chavarria and Halter taking the second. Halter shot a 123 in this game. The third game and the match went to the South Bay's Haslam and Maples.

The father and son team of Ben and Jim Macredes took the next match, two games straight, from Phil Albers and Tom Patton. The Bridge league retaliated with Ron Rutherford and Ken Cox defeating Dave Pena and Rick Miller, two straight.

Willy Buhl and Harry Stephens cinched the series for the South Bay by winning two games after losing the opener to Mike Lanin and Pat Stratford. John Glaze and Jack Mahtala took the last of the doubles matches for the South Bay Select. The score was now 15-5.

The Bridge League Select won the 12 man team match, two games straight, leaving the final score 15-10 in favor of the South Bay Select.

Ike's Colonial Kitchen is a new dart location. They do not have a team as yet. A match of this kind staged in these new locations, not only stimulates interest in darts but allows players a chance to get the feel of playing under an all-star game situation.

LEAGUE ACTION

The two Black Knight teams triumphed over their opponents by scores of 7-5. Knight I over Lancashire Lad II and Knight II over Gaslighter Theater II. The intra-house match between Gaslighter III Villains and the Gaslighter IV saw the Villains emerge victorious 7-5. High scores were shot for Knight II by Rick James (107), Tim Noe (117) and Rich Spelts (100). Norm Loop shot a 120 for Gaslighter II. Terry Elliott had a 15 dart game with an 89 out while teammate Milt Mennott had a 96 away for Knight I.

At the Gaslighter Theater, all the high scores were on the losing team. Ray Cupps had a 121 and Don Cupp shot a ton (100) in an 18 dart game.

DART GAMES TONIGHT (March 24)

Preliminaries for Northern California Darts Assn. Singles Tournament 8 p.m.

South Bay League: Gaslighter Theater, 400 E. Campbell Ave., Campbell.

El Camino League: Black Knight, 1781 Winchester Blvd., Campbell.

DART GAMES NEXT WEDNESDAY (March 31)

Scarlett La Rue's at Black Knight I.

Andy Capp's at Gaslighter Theater III.

Primrose Lanes I at Black Watch.

Banbury Clock I at Lancashire Lad I.

Gaslighter Theater IV at Lancashire Lad IV.

Gaslighter Theater II at Banbury Clock II.

CAMPBELL POLICE VAN---Pacific Telephone's Campbell business manager, Nick Roden, demonstrates for detective Jim Stoner a view-screen show on how to combat annoyance callers. It was donated to the Campbell Police Department's mobile safety and crime prevention show by PT&T community relations volunteers—the first law enforcement - oriented contribution from industry. Reserve officer Stan Troia squares away a weapon display in the background.

Pacific Telephone donates color unit for Campbell police van

The Campbell Police Department's mobile showcase of the latest in crime prevention and safety received its first industrial contribution of a law enforcement-related display from Pacific Telephone.

"In a word, we've provided a color and sound presentation to be shown on a view screen in the Campbell Police van," explained community relations team chairman Nick Roden who's also the local telephone office manager.

The van, a former newspaper delivery truck, was donated by the San Jose Mercury-News for this pet project of Campbell Police Chief John Morgan to involve the community and to keep it informed on matters of law enforcement and safety.

It makes appearances on request for area schools, civic groups and service organizations.

"Although it was Chief Morgan's brainchild," said Roden, "it's a broad-based community project, involving contributions of labor from volunteers to the department and time and material from over a dozen area businesses and organizations."

The van is completely refurbished inside and out. It contains displays on weaponry, tactics, identification and tracing methods and equipment, narcotics devices picked up from addicts and pushers, handout pamphlets on driving and home safety—and even a bicycle involved in a fatal accident.

"Chief Morgan came to us for a communications display that would tie in with the van's theme," Roden recalled, "so the team got together and came up with a presentation on annoyance telephone calls....The chief went for it.

"Then Larry Gray, San Jose accounting center supervisor, helped lay out size and space requirements for application to the van. And pretty soon we had a concise sound and color presentation in a TV-like housing that could be turned on or off with a button."

Other team members include Jim Annand, traffic business service senior engineer, Don Cupp, general traffic engineering division staff engineer; Mrs. Annette Devenney, San Jose district II commercial manager; and Hank Wright, Foxworthy district supervising plant service foreman.

Organizations contributing to the project include Baker Trailer Sales, Blue Hill Carpets, Bob's Body Shop, Campbell Fire Dept., Campbell Lumber Co., Ken's Cabinet Shop, Pacific Telephone, PG&E, Rae's Interiors, Rocket Car Wash, San Jose Mercury-News, San Jose Plating Works, and Valley Athletic Supply.

The Campbell van is different from just about anything else around, according to Chief Morgan, in at least two ways: it's a volunteer project with wide community support, and it features materials and displays from outside the police department.

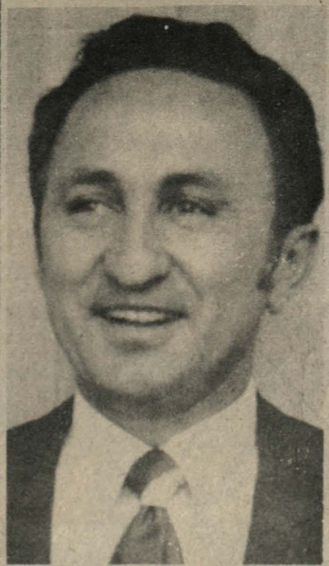
"While we weren't the first industry to do something for the project," said Roden, "we were the first to make a contribution oriented toward law enforcement.

Ray A. Silva seeks election as high school board member

Ray A. Silva, 40, of 1691 Merrill Dr., San Jose, a candidate for trustee of the Campbell Union High School District in the April 20 election, emphasizes his dual background of education and business as qualifications for a board member.

Silva, a native of San Jose, who received his B.A. and M.A. in physical education from San Jose State, served on the coaching staff at Camden High, 1959-1962, before entering the life insurance field.

He has been with Guardian LIfe Insurance Co. for the past 8½-years and holds the coveted Chartered Life Underwriter Degree. He is among the leading life insurance underwriters of northern California.



RAY A. SILVA
--board candidate

Prior to going to Camden as coach, he was at Berkeley High from 1955-59 and was a physical training officer and basketball coach in the Naval Pre-Flight School, Pensacola, from 1952 to 1954.

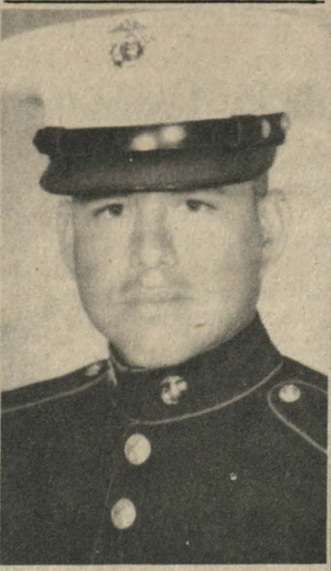
Silva has lived in the Campbell Union High School District for more than 11 years. He has been active in the San Jose alumni association and is an elder and finance chairman in the Westminster Presbyterian Church.

Silva and his wife, Carolyn, have five children. Jeff and Jennifer attend Leigh High School, Laurie is at Dartmouth Junior High and Erin is in Noddin Elementary. Terry is a high school graduate.

Silva issued the following statement relative to his candidacy:

"Education has played a vital role in my own life and I value its potential for all our young people. Because of my dual background in education and in the world of business I believe I have the qualifications to represent all people in the Campbell Union High School District as a trustee.

"I believe the Campbell Union High School District must continue to do an excellent job for the academically oriented students. In my opinion, we need to place more emphasis on vocation guidance and occupational training. Many young people begin their working careers directly after high school and must be prepared to earn a living."



GRADUATES---Marine Private Robert Barbosa, son of Mr. and Mrs. Miguel Barbosa of 864 Marilyn Dr., was graduated from recruit training at the Marine Corps Recruit Depot, San Diego.

He was a 1970 graduate of Campbell High School.

SPECIAL COURSE

Army Specialist Four James L. Evanger, 21, son of Mr. and Mrs. Leo V. Evanger, 177 Marianna Way, recently completed an eight-week Nike-Hercules Missile Crewman course at Ft. Bliss, Texas.

Spec. Evanger holds two awards of the air medal, one for valor.

GIRL SCOUT News

Brownie Scout mothers Mrs. Merle Hackett and Mrs. Manuel Puentes from Troop No. 158 of Dover School, directed girls in two plays this week.

Mothers were entertained by two successful performances of "The Frog's Promise" and "Honey and Dough."

Lisa Aldrete, Allison Baird, Juna Caddo, Debbie Eberly, Cynthia Hackett, Denise Hill, Patti Hover, Rebecca Leicester, Kim Long, Terri Puentes, Susan Russell, Marian Sloan, Brooke Thompson, Judy Wilburn, Carla Pusateri and Carol Lehane took roles of frogs, bears, birds, bakers and humans in the fun-filled rehearsals.

The same group completed Girl Scout Week by celebrating "Fun in the Outdoors" day on a nature study at the Japanese Friendship Garden.

Leaders of the troop, Mrs. Robert Wilburn and Mrs. Joseph Hill treated the delighted Brownies to fortune cookies that promised more fun-filled days ahead.

New Furniture Importers Open In Kirkwood Plaza

Shown above (left to right) are John Nielsen and Al Lundquist, owners of the new Scandia Furniture store opening in Kirkwood Plaza. The store will feature quality built furniture by Danish artisans, famed for their craftsmanship with such woods as teakwood and other hardwoods.

Both Nielsen and Lundquist are highly skilled craftsmen, starting as youths in their native village, a fishing town outside Copenhagen. It was there, as boys, they learned the trade of boat building. As their skills developed, they built many fine craft still sailing the waters of the Kattegat between Denmark and Sweden and the Baltic Sea.

The two still have vivid memories of the horrible days of World War II, the Nazi invasion and the plight of thousands of refugees, particularly Jewish, fleeing from the Nazis. On many occasions the two men aided the refugees' escape to safety in Sweden by ferrying them across the straits of the Kattegat into friendly Swedish ports. All of this was done at night, and required their finest skills as navigators operating in pitch darkness, often a short distance from Nazi naval guns.

Following the end of the War, they both emigrated to Canada where they established a cabinet making business. Eight years ago, friends of theirs in the Oakland area persuaded them to come to the U.S., which they did and became naturalized citizens before starting their own boat and cabinet shop in Oakland.

However, their hearts were always in the building of fine furniture, many fine examples of which may be seen in their own homes. It was this love for furniture building that influenced them in placing a new furniture store in the Kirkwood Plaza. Both of the men and their two lovely wives, Tove and Esther, have had experience in Nielsen's brother's furniture store in Vancouver, B. C.

They will specialize in Danish imports, particularly the fine Teakwood masterpieces created by the Danish furniture industry and shipped overseas to their new Campbell store.

NEW OWNERS--Shown above is the small fishing village, Dragør Havn in Denmark near Copenhagen, former home of John Nielsen and Aage Lundquist. It was here, as boys, the two learned the art of boat building and cabinet making. Even today, fishing is still the principal industry of the small community.

Absentee voters to use new computerized balloting method

Voters who cast absent ballots in the countywide school trustee elections on April 20 will be the first in California to use a new method of computerized absent balloting.

Registrar of Voters, George Mann, said the new system is completely compatible with the Votomatic punchcard ballots which are used at polling places.

Its use will substantially reduce the printing and computer programming costs which were incurred in past elections when absent ballots were entirely different than those used on election day in the precincts.

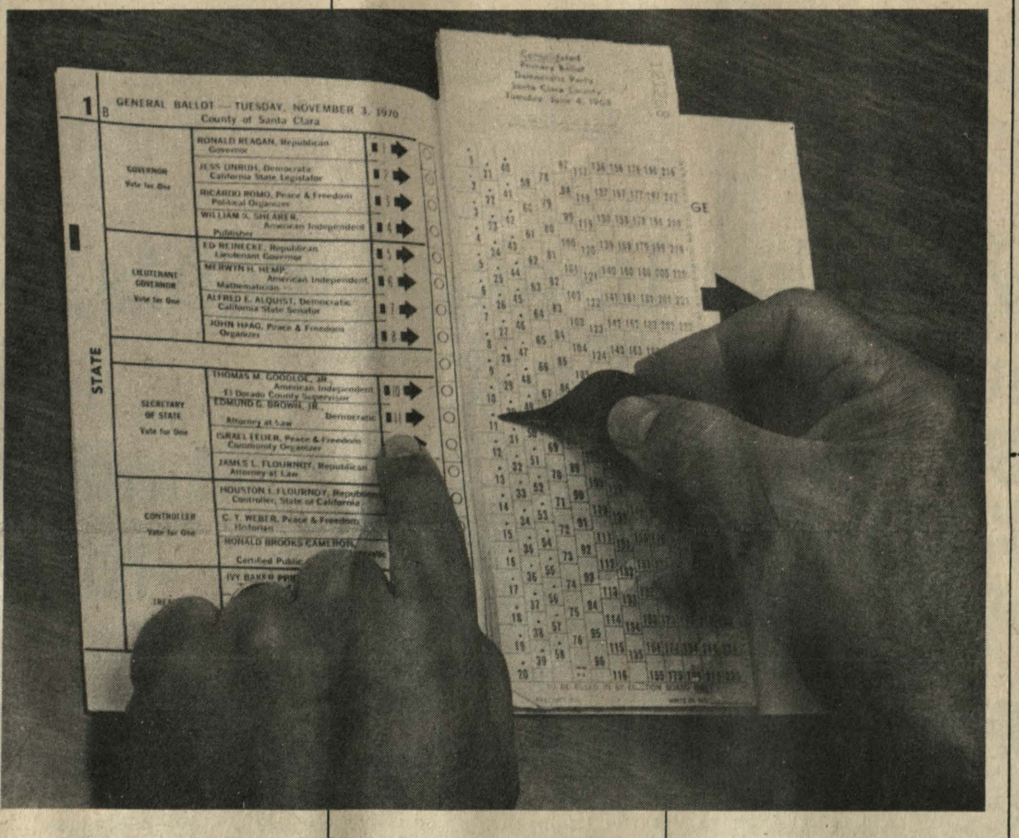
The ballot consists of a regular IBM ballot card stapled to a piece of styrofoam and a pamphlet, similar to a Votomatic sample ballot, which lists the candidates' names.

Beside each candidate's name in the pamphlet is a number which designates his position on the ballot card.

To vote, the voter locates his candidate's name and ballot position number in the pamphlet. He then finds that same number on the ballot card and, with a small punch which will be provided, records his vote by punching out a small hole at a spot directly above the number.

The styrofoam attached to the card serves three purposes: it provides a firm backing which prevents bending or creasing as the punch passes through the ballot card; it traps the "chips" or paper pieces which are punched out; and, it protects the card from damage as it is returned through the mail.

According to Mann, this system has been used successfully in other states for a number of years.



NEW VOTING METHOD---For the absentee voter, County Registrar of Voters George Mann has something new. Previously, absentee voters used either an ink hand-stamp or they punched holes with a pencil in several ballot cards. In the countywide school trustee election on April 20, absentee voters will have a ballot card and punch almost identical to the regular voter's ballot. This will save money on the vote counting.

Trustee hopefuls to be at forums

Another candidates' night will be held at Cypress School tonight (Wednesday, March 24) with all five of the candidates who are in the race for trustee of the Campbell Union (elementary) District expected to be in attendance.

The first such forum was held last Tuesday, March 16, at Forest Hill with approximately 100 people in attendance.

Another candidates' night is set for Blackford School on Thursday, April 1, and the final forum at Castlemont School on Tuesday, April 13.

Two will be elected in the April 20 election.

Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) How do you decide which tax package to send people?

A) These decisions are based on last year's returns. Each taxpayer is sent a package containing schedules he used to prepare his 1969 return.

Q) Why did my tax withholding change?

A) There are a number of reasons, some of them increased withholding while others decreased withholding.

Withholding rates for social security tax increased from 4.8 to 5.2 percent effective January 1. This would increase withholding for all taxpayers covered by Social Security.

Income tax withholding rates were lowered beginning in January for single persons and those with low incomes. These changes result from the Tax Reform Act of 1969.

Q) I have all the information I need to file my return except for my W-2. Can I file without it?

A) Every effort should be made to secure your W-2 statements in time to file a correct return before April 15. If you are unable to secure all W-2 statements, fill out your return based upon the best information available. An amended return can be filed when corrected information is secured.

Q) Are conservation expenses deductible for a farmer?

A) Yes, farmers may deduct certain soil and water conservation expenses, that would otherwise have to be capitalized. However, if the land is sold within ten years special rules apply in calculating any gain.

Q) Where do I send my return?

A) Send it to the IRS regional service center for your area. The addresses are listed in the tax form instructions. An envelope addressed to the center was included in the tax form package.

Q) Where can I get a copy of the form on moving expenses?

A) This form is available at local IRS offices. Ask for Form 3903.

Q) I sold my house last year. Do I have to report this on my tax return?

A) You should report any profit you made on the sale of the house as a capital gain. However, if within a year you purchased another house costing at least as much as the "adjusted sales price" of the one you sold, then tax on the gain is postponed.

Tax on gains from home sales may be eliminated entirely for those who are 65 years of age and who meet certain conditions. For details on this and other aspects of home sales, send a post card to your local IRS office and ask for Publication 523, Tax Information on Selling Your Home. This booklet is free.

Q) Can I deduct my Blue Cross premiums?

A) Yes, if you itemize deductions.

Note that one-half of your medical insurance premiums up to $150 are deductible even though your total medical expenses do not exceed 3 percent of your income. This is explained in the 1040 tax instructions as well as Schedule A where this item is entered.

Q) Are gambling losses deductible?

A) Gambling losses can only be used to offset gambling winnings if deductions are itemized. The law does not permit a taxpayer to use these losses to reduce his other income.

Q) Are you going to send out estimated tax forms this year?

A) Yes, estimated tax forms will be mailed in February to all those who filed an estimated return for 1970. Forms will also be sent to those who should have filed an estimate last year but didn't.

Unique exhibit ends Saturday

This Saturday, March 27, will be the last opportunity residents of the area will have to view the life-size wax replica of da Vinci's "The Last Supper" that has been on display at the Kirkwood Plaza since Tuesday of this week.

The merchants in the Kirkwood Plaza, at San Tomas Road and Campbell Ave., apropos of the Lenten season and approaching Easter, are sponsoring the first showing in this area of this unique masterpiece of religious art.

The exhibit is located in a mobile van in the plaza and visitors are able to file through the vehicle and obtain a close-up view of the 13 life-size wax figures.

Bones from cattle are used in the production of bone china, crochet needles, dice, glue and fertilizer.

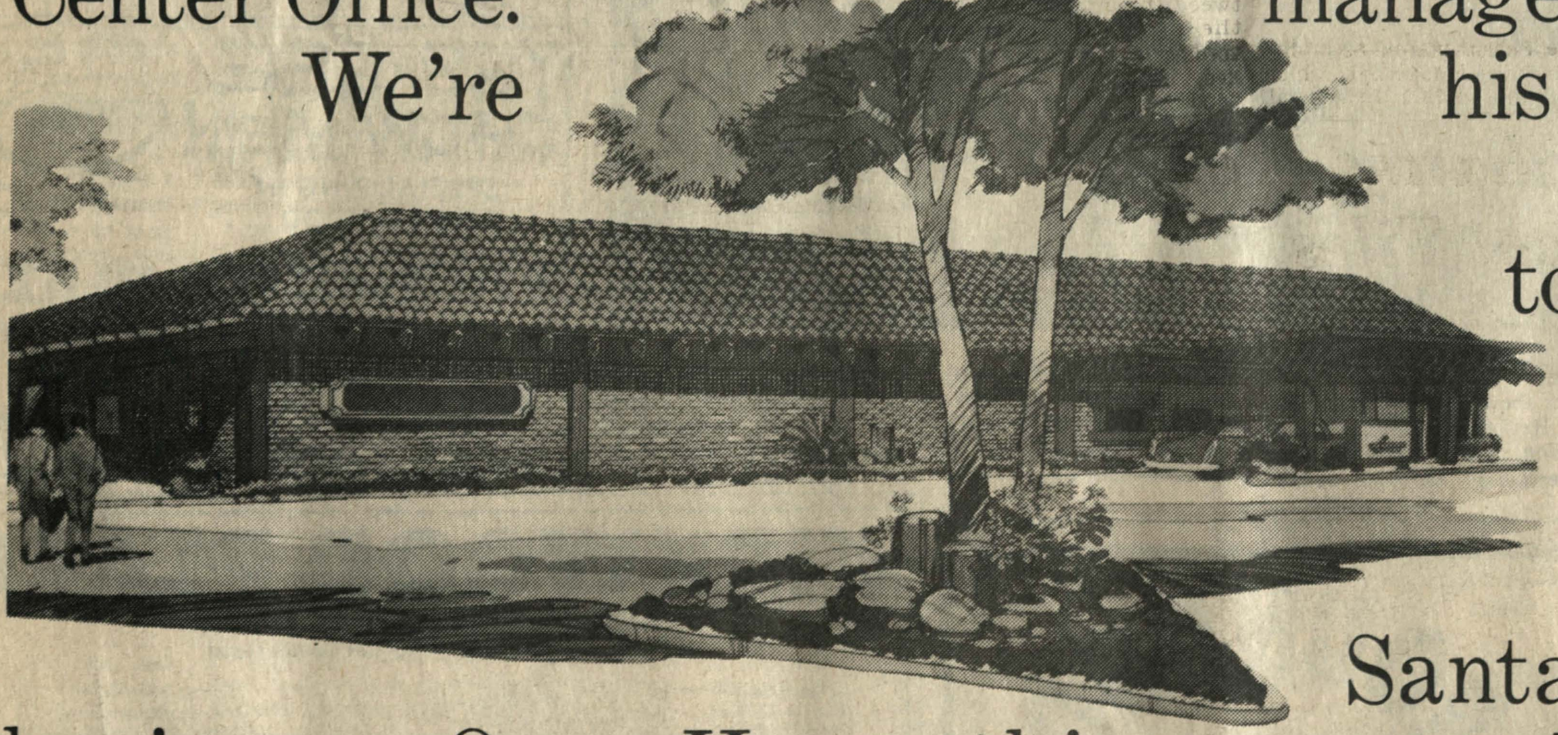
CROCKER BANK ANNOUNCES A NEW WRINKLE IN THE PRUNEYARD.

On March 26th, Crocker Bank is opening its new PruneYard Center Office.



We're having an Open House this Friday between 10 A. M. and 6 P.M. to celebrate.

If you come by, you'll leave a little better off.

We'll be adding one dollar to all new deposit accounts opened opening day. (See coupon below).

We'll be giving away 2,000 Juniper trees as gifts, and 20 clock radios as prizes. (See other coupon below).

There'll be refreshments for everyone.

Stop by and meet our manager Fred P. Doering and his staff.

They'll be glad to show you around the new branch.

It's the latest banking facility in Santa Clara County.

It's also the very latest wrinkle in the PruneYard.

How to Be Lawn Smart

MAXWELL SMART, in real life Don Adams of the CBS comedy-spy series "Get Smart," tells the facts about lawn care. He is a special agent for Monsanto, supplier of garden hose and other lawn care products.

Time to Improve All Outdoors

By MAXWELL SMART

Would you believe that I know the secrets of successful watering!

Here they are:

Water when the soil is dry two or three inches below the surface. Check it. Don't wait for plants to wilt and droop!

Dig down a couple of inches, take a handful of soil and squeeze it. If it forms easily into a soil ball that does not crumble, do not water. If it does not form up and crumbles easily — then it's time to water.

After a good rain-soaking, watering shouldn't be necessary for about five days. But hot sun, low humidity and strong winds all have a quick drying effect.

Sandy soil will absorb water readily—but dries out fast. Clay soil will not accept, or lose water, as quickly as sandy soil. So sandy soil calls for watering frequently — little and often. Clay soil calls for less frequent watering but more water each time.

Watering must be thorough. "Surface only" watering can do more harm than good. Proper watering means soaking the soil to a depth of several inches . . . which means running your sprinkler for several hours. It means not rushing. It means adjusting the faucet to stop too much water from rushing out, running off and flooding the top-soil away.

Newly seeded lawns need moisture every day. Deep, fine, slowly-sprayed water to establish good roots.

Lawns of course are thousands of grass plants. All lawns need more water than other garden features — and a sprinkler hose is almost an absolute necessity.

Why a sprinkler hose? It covers the lawn effectively in a soft, rain-like spray pattern. It can be turned around corners, along curves and down hard-to-reach strips.

Lawns and flowers and most plants generally are best watered in the morning. Not in the afternoon. Not in the evening. Grass and leaves of plants left wet overnight are susceptible to fungus.

That "Putting Green" Trim

A prospective buyer of a lawn mower is faced with a wide and sometimes confusing variety of equipment. The mower chosen will be a working partner for many a summer, so it pays to match it carefully to the size and shape of the lawn.

The king of powered mowers is definitely the rotary. About 10 rotary mowers are sold for every reel mower. The most popular width is 21 inches, followed by the 19-inch-model, according to Claude Morris, director of marketing for Toro.

The rotary mower enjoys greater popularity because its blades are easily maintained in good condition. Rotary mowers do an excellent job of cutting tall grass and weeds as well as being highly effective for fine and coarse grasses.

Easy to Operate

Some rotaries have a special vacuuming action which will mulch and bag autumn leaves as well as cut and bag grass clippings.

Increasing in popularity is electric key-starting. This can mean an additional $40 to the cost of a walking mower, but insures a simple, sure start.

Fully electric rotaries are particular favorites with women, since they don't have to be filled with gas and are the easiest models to operate. They simply plug in and go.

Reel mowers are the answer on fairly evenly-graded land in need of that putting green look. Blades can be set to cut to one-half inch or less.

Sitting Down

Testing has shown that a reel mower is best for steep slopes or terraced lawns but not effective on rough terrain. Sizes for the homeowner are generally 19-inch and 21-inch.

Reel and rotary mowers come in both hand- and self-propelled models. Self-propelled models are, of course, higher priced, but they do cut mowing time and make the whole job easier.

More and more homeowners are sitting down on the job when it comes to grass-cutting. A riding mower represents a time-saving, efficient and labor-saving method to mow large areas — a lot of at least a quarter acre.

Tractors for home use are commonly divided into lawn and suburban categories, with horsepower rating providing the dividing line. Seven h.p. or below is the lawn class.

Saves Shifting

Tractors maintain a large mowing area and also clear away snow, plough, till, fertilize and cart.

Another development is hydrostatic transmission for tractors, completely eliminating gear shifting. Since so much of yard care involves backing and filling, this can be an important time and work-saver. It adds about $200 to the price tag.

No matter what type mower is chosen, the best guide to satisfaction is to buy from a reputable, servicing dealer and get the best mower the budget affords.

Since a mower will be in use for several years, a quality machine with high overall performance is a good investment.

Home & Garden

It's National Lawn & Garden Week

What American man, woman or child doesn't get excited by the coming of Spring? This excitement can be channeled into improving the environment, and National Lawn & Garden Week, March 20-26, is a good time to begin.

Cleaning-out trash, cutting down weeds and brush along the street near your home, or in the neighborhood, is a start towards improving the appearance of your own micro-environment. Putting your own yard in good condition by raking leaves, weeding, preparing the lawn and garden beds, and trimming shrubs and trees is another contribution.

Developing plans for a flower bed, combining flowering shrubs and trees in your home landscape stimulates neighborhood and community interest in environmental improvements.

In addition to the beauty and enjoyment provided by flowers, trees and shrubs, the plants also provide life-giving benefits. For instance, scientists reveal that a 50 ft. by 50 ft. lawn area provides sufficient oxygen to sustain a family of four, day by day.

Plants, besides producing oxygen for living, filter dust and dirt particles from the air we breathe, and lessen sound and noise.

Sponsored by the U. S. Dept. of Agriculture in cooperation with trade organizations, National Lawn & Garden Week this year has as its theme, "Country Green for City Living." The theme points out that plants for the home garden bring Agriculture into the city dweller's domain.

For Healthy Houseplants

Both flowering and foliage plants can make an important decorative difference in the home. To keep plants looking fresh and alive, here are some easy care tips.

- Select plants according to the amount of light which will be supplied. In general, foliage plants need less light than flowering varieties.
- Don't keep plants near heating ducts, exhaust fans, or doorways to the outside. Extremes of hot and cold air are bad for plants.
- Do keep plants in rooms with moderate temperatures. A 75 degree temperature is best for daytime, 65 degrees for night.
- Don't guess about watering. Water only when soil feels dry to the touch. Then water thoroughly.
- Keep all plants in porous clay pots. They safeguard against overwatering and overheating of roots.
- Use water at room temperatures.
- Don't overdo on fertilizers. Once a month add a water soluble fertilizer following package directions for correct proportions.
- Keep plants potted in clay containers even when using a decorative outer container. Line the space between the inner clay pot and the outer container with sphagnum or peat moss and keep it moist. This is called "double-potting."

Annuals for Spring Planting

Dwarf Marigolds, Violas and Pansies can all be blooming in your garden in a matter of weeks if you plant them now. Add Calendulas, Iceland Poppies, Alyssum, Dwarf Snapdragons and Candy Tuft to the list of Annuals ready to give almost instant spring color, and you have a delightful selection for providing continuous bloom in the months ahead.

These and other annuals are available now at local nurseries. From nursery flats the small transplants are easy to set-out and with all the possibilities, you can create cheery borders, envy-of-the neighborhood display beds; and many of the annuals are ideal in pots and are lovely covers for bulb beds.

It's possible, too, to mix-and-match these early-blooming annuals for outstanding garden highlights, says the California Association of Nurserymen. You might try orange and yellow Marigolds behind an edging of yellow Violas for a delightful symphony in gold. Or, you can "think pink" with the dwarf Snapdragon Floral Carpet Rose, and use it to line a path or feature in low beds.

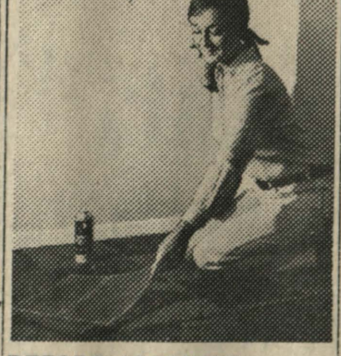
For solid color choices, Petunias are one possibility, and come in shades of pinks, rose, red, lavender, blues and purples—plus sparkling white. Additionally, these are single-flowered varieties, carnation-types, doubles, and giant ruffled bloomers. Use them for borders, display beds or accent—even in pots or hanging baskets.

Marigolds offer hues in opposite colors: Cream, yellow, orange, and gold, plus mahogany to bronze shades. Best yet, there are dwarf types, intermediate growers and tall varieties. Garden use is limited only by one's imagination.

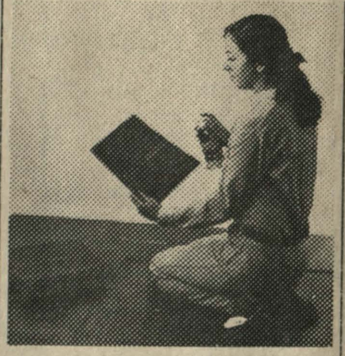
So many choices may be confusing, so the best thing to do is check the bedding plant section of your nursery. Your nurseryman will have a host of annuals to plant now and can assist you in the selection of the bedders for the different planting situation you have.

Don't overlook the instant color that is available. Nurseries will have container-grown annuals in full color and they will immediately add beauty and charm to their surroundings.

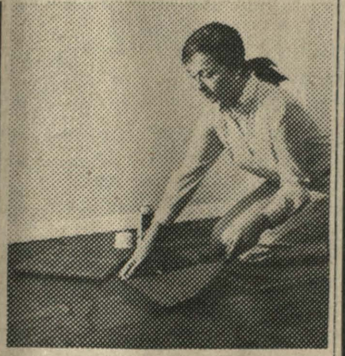
How to Enhance Floor with Carpet Tiles



BEFORE APPLYING carpet tiles, clean surface thoroughly. Make individual stacks of tiles for each color or style in pattern. Tiles should be stacked carpet-side down and within easy reach.



WHEN USING an aerosol adhesive, shake well before using. Hold the can eight to 12 inches from the tile and spray along the edges and then diagonally from corner to corner. "Glue in a can" is easy to use.



TURN CARPET tile over, place into position. Starting with far end of tile, position edges and corners precisely. Press down firmly by hand. Used here, Spra-Ment Multi-Purpose adhesive by 3M.

Carpet tiles might be the bright idea for the new floor treatment on the re-decorating list.

If so, here are a few tips which will go a long way toward making a carpet tile floor an easy yet professional-looking do-it-yourself job in every respect.

First, draw a diagram of the room on graph paper, laying out the proposed pattern either straight-line or diagonally. This will serve as a guide to the number of tiles required in each color or pattern.

Preparing the floor is the next step. Eliminate loose or creaky floorboards by nailing them down with spiral-grooved flooring nails. Then, thoroughly clean the floor.

Remove any wax build-up, and make certain that the surface is completely dry before beginning the installation.

Now, stack the carpet tiles face down within easy reach of work area. Making individual stacks for each color in the pattern will also save time and reduce the chance of making an error in the pattern.

One of the newest methods of making a permanent or semi-permanent installation is to use an aerosol adhesive, such as 3M Company's Spra-Ment Multi-Purpose adhesive.

Easy-to-use "glue in a can" is simply sprayed on the edges of the carpet tile and then sprayed diagonally.

Position each carpet tile so that corner and edges meet firmly but don't buckle. Should a tile need to be realigned, the adhesive will allow it to be picked up. If, however, adhesive has been allowed to dry more than five or six minutes, it will be more difficult.

As each tile is set in place, press down firmly, applying pressure over the entire area. There is no need to use anything other than the hands for pressure.

Instant wall-to-wall carpeting arrives with new carpet tiles from Armstrong Cork.

BUTANE LIGHTING

Butane decorative light for both indoor and outdoor use is offered by Ronson Corporation. It's the "Varaflame BU-T-Lite," which looks like a candle inside a frosted, heat-resistant glass shade.

Letters to the Editor

HEALEY-KLEIN ISSUE

Dear Mr. Vierhus:

I am not in the habit of writing letters to the editor, but your recent editorial has caused me to change my habits.

How can you condemn three people for demoting a man (Mr. Royer), "for spite or to satisfy one's ego, if they have the welfare of the district in mind", while you condone and commend the City Council for dismissing Mr. Healey and Mr. Klein for spite and to satisfy their own ego?

How can you condemn three people for feeling that one man causes a "lack of harmony", whereby they cannot function as a unit, while you condone and commend the City Council for dismissing Mr. Healey and Mr. Klein for causing a lack of harmony whereby the Commission cannot function as a City team?

You state in your editorial of March 17th that harmony is, and I quote, "a nebulous and general term that defies pinpointing or specific defining". Why is this valid when you write about the CUSD, but not when you write about the City Council? If harmony, in your opinion, is such a nebulous condition, can you definitely state that the Council was right in their action and that Mr. Klein and Mr. Healey were wrong in taking their stand?

Maybe two or three Commissioners were unhappy. Remember, there are seven members on the Planning Commission and two or three do not make a majority. However, they are entitled to their opinions.

Planning Commissioners do not make $30,000 a year. They don't get a cent for all their time and effort expended for the benefit of the city and citizens of Campbell. They put in a full days work and then VOLUNTARILY spend evenings and week-ends doing planning work. Mr. Klein and Mr. Healey have done this for 7 and 8 years respectively.

The Council has always had the authority to rule as they wish. Yet it seems that the Council feels their toes were stepped on when Mr. Klein and Mr. Healey, acting as private citizens, sponsored a referendum. The Council won by a little over 200 votes—okay, they won. Mr. Klein and Mr. Healey acknowledged the fact that the drive-in would go in, but still they wanted the best they could get for the citizens living near the theater. It seems to me that they were most certainly working for the welfare of Campbell and its people. But of course, our Council can, as usual, overrule them!

Campbell may not be as large as CUSD, but Mr. Royer got his opportunity to state his position. Mr. Klein and Mr. Healey have not been given the same privilege. Why not?

Was their dismissal "for spite or to satisfy someone's ego"?

Yours truly,
Mrs. Lorraine Russell
207 Branbury Drive
Campbell, Calif.

THREE TRUSTEES MAKE STATEMENT

EDITOR'S NOTE: Following the publication of the reasons three members of the board of trustees of the Campbell Union (elementary) School District used to demote Neal Royer as superintendent, a statement was issued by the board majority which was distributed to the employees of the district.

In the March 10 issue, the charges of the board majority in a letter signed by Dr. Richard MacQuiddy, board president, was published with an open letter from Royer answering the charges.

The following is the statement issued by three board members, MacQuiddy, Ralph Steinberg and Mrs. Eleanor Graham-Armstrong:

"The Campbell Union School Board welcomes the fact that Neal Royer has released to the public the contents of the January 19th letter of the Board majority giving the statement of reasons for his reassignment to the position of principal, thereby relieving the Board from the obligation to remain silent on this subject. The Board believes that the public and the professional staff, whenever possible, should be informed about matters affecting the welfare of the District.

"The Board has not had the opportunity to carefully review and study the response of Mr. Royer which was first made available to the Board through the press yesterday evening, March 10. As soon as the Board has had this opportunity, a detailed reply to Mr. Royer's statement will be forthcoming.

"Preliminarily, it should be noted that the action taken by the Board majority to reassign Mr. Royer to the position of principal was taken after careful deliberation, and only after the inescapable conclusion was reached that the welfare of the District compelled such action. The Board made this decision with the awareness that Mr. Royer might choose to test the legal sufficiency of the reasons and their supporting evidence in a law suit. Such an action is now pending. The Board is fully confident that an impartial tribunal, after a full hearing on legally admissible evidence, will find that Mr. Royer materially breached his contract with the District.

"Also, we take note of the precise timing of Mr. Royer's delayed response which comes on the heels of the failure of the recall movement to meet its declared objective of ousting Board Members Eleanor Graham-Armstrong and Ralph J. Steinberg before the filing deadline for the April 20 Board election, and at the commencement of the re-election campaign of Board President Richard MacQuiddy.

"We also take note of Mr. Royer's statement that he will use "every means" at his disposal to obtain reinstatement as Superintendent. It is apparent that he has chosen to pursue the course of attempting to influence the outcome of the April 20 Board election for this purpose. Any such effort can only serve to undermine the harmonious operation of the educational process in the District and to polarize the community into factions. The Board is confident that an informed public and an informed professional staff will not be misled by such tactics."

CRITICISES PRESS

EDITOR'S NOTE:

The Press welcomes letters from its readers, but suggests that any accusations contained in them should first be researched. In the editor's "out-on-the-limb" column in this issue, the editor submits some salient points relating to the following letter...G.V.

Dear Mr. Vierhus:

I was surprised that although your paper saw fit in its March 10th edition to print in full former superintendent Neal Royer's open letter, which consumed two full column inches on the editorial page, you completely failed to print in your March 17th edition the official Board reply which was adopted by the Board in its March 11th meeting. (Your only reference to the Board's statement was a portion of a sentence taken out of context featuring a news story on the recall campaign).

I find this omission particularly interesting in light of Mr. Royer's apparent effort to influence the outcome of the April 20th Board election through the use of the newspaper medium.

There can be no better example of the shortcomings of "trial by newspaper" or of the evils of censorship than a situation where a newspaper, under the guise of objective reporting, controls the dissemination of information so that only one side of the story reaches the public—the side that the newspaper favors.

In your December 16th editorial you stated that "censorship of any kind is distasteful". So far you have merely paid lipservice to this principle. In the coming weeks the public will have the opportunity to determine whether you practice what you preach.

Sincerely,
Ralph J. Steinberg,
Member CUSD Board of Trustees

PAPER IS UNFAIR

Dear Editor:

I have thought many times if ever the Campbell Press was up for sale, I'd seriously consider buying it. But, since I do not have sufficient funds this would not be possible (anyone care to make a donation).

It disturbs me immensely to have to rely on our one and only local Campbell newspaper, especially with the unfairness and the one-sided type reporting you've demonstrated these past few months with our school district problems. To get involved with what's happening in the community is a real swell thing. (More people should, but don't).

Let's refrain though from causing many of your readers to have a rise in blood pressure after they've completed The Campbell Press each week. Let's cool it a bit please!

Our coming school board election is very important to me and many other people in the community. Therefore, we urge you to print more factual information, and to remain unbiased, and also to give all candidates running for the school board equal coverage in your newspaper.

We all want what is best for our kids, so let's everyone pull together please and stop all the bickering and mud slinging now!!

The public deserves to have all the true facts from both sides before they go to the polls on April 20. May we also have Dr. MacQuiddy's response to Mr. Royer's letter.

Thank you,
Dolly & Bill Surratt
982 Steinway Ave.,
Campbell

CRITICISES PAPER

Dear Mr. Vierhus:

I am very much in agreement with your idea of "Judge for Yourself" in regard to the Campbell School District problems. Unfortunately it is impossible for people who rely on your paper for their information. Among other things your March 17th editorial failed to mention that:

1) You took your stand within days after the demotion of Mr. Royer, well before you or anyone could have known the facts;

2) You have printed news articles which mainly support your bias, despite other information being available;

3) You completely ignored Mr. Steinberg's recent statement showing that the board is willing to publicly respond to Mr. Royer now that he has released them to do so;

4) You have ignored letters from professional personnel specifically asking Mrs. Ruscigno to comment on the purpose behind some of her controversial board actions which make the board appear split;

5) You completely blame the board for delay in informing the public about Mr. Royer's demotion when he has had the charges in writing for almost two months.

Certainly you are justified in expressing your own opinions editorially. What Campbell desperately needs right now, however, is a newspaper that can admit its biases but still allow all the news to be printed. I believe in "Judge for Yourself", but not with just part of the facts.

Very truly yours,
Raymond R. Hills
2972 Williams Rd.

BOTH SIDES ?

Mr. Vierhus:

"And if an editor ignores a situation, he will be charged with not having the courage of his convictions. Or worse." George Vierhus, Campbell Press, Oct. 7, '70.

"The Campbell Press prides itself on factual reporting." George Vierhus, Campbell Press, Oct. 28, '70.

You said it and I charge that you are not being "factual" and you are ignoring a "situation" by not offering Dr. Richard MacQuiddy, Mrs. Eleanor Graham-Armstrong, or Mr. Ralph Steinberg the use of your paper for the purpose of answering Mr. Royer and you.

"As a professional newspaperman of many years standing, it is our contention that when a writer stoops to insults and personal attacks, it is almost always true that his overall case had been weakened." George Vierhus, Campbell Press, Dec. 16, '70.

"They" (Mrs. Graham-Armstrong, Dr. MacQuiddy, and Mr. Steinberg) "did not take into consideration that the demotion of a superintendent is not something that can be done for SPITE or to SATISFY ONE'S EGO, if they have the welfare of the district in mind." Editor, Campbell Press, March 17, '71.

That, Mr. Vierhus, is an INSULT to the integrity of these trustees!

"The district cannot afford to have any major decisions, such as the demotion, which has had such a harmful effect on the district as a whole, made in an irresponsible manner by its trustees." Editor, Campbell Press, Mar. 17, '71.

Mr. Vierhus, have you checked your facts?

Have you assumed the role of a good reporter who investigates his story thoroughly?

I charge that you have not!

I challenge you to allow BOTH sides to be told so that the people of this community can FAIRLY and HONESTLY, as you yourself said, "Judge for Yourself". Editor, Campbell Press, March 17, '71.

Dorothy Mitchell

FOR CLARIFICATION

To the Citizens of Campbell:

This is being written to clarify the situation with respect to my recent firing by the Campbell City Council. The basic question involved, is whether or not a Planning Commissioner is compelled to resign before he can speak out against his City Council when he feels that Council is operating illegally.

As a member of the Planning Commission for 8½ years, I have often disagreed with the City Council, but always refrained from voicing my objections publicly because I had no quarrel with the Council's motives, nor any reason to question the legality of their actions.

In the matter of the third screen for the Winchester Drive-In Theater, I do believe the City Council acted illegally, and I felt compelled to say so because the Planning Commission was placed in the position of furthering that illegality.

One needs only to review our City's ordinances covering drive-in theaters to see why I believe the recently granted use permit to allow a third screen violates the City ordinance. In order to be granted a use permit, a drive-in theater must comply with certain conditions; two of these are: immediate access to a major street, and automatic shut-offs on each car speaker. There can be no question that McGlincey Lane is not a major street and the drive-in theater people stated at a public hearing that they have no intention of putting automatic shut-offs on each speaker.

The official reasons for granting the use permit was fear of a lawsuit based on lack of access which supposedly caused the land to become landlocked. In 1967 the Winchester Drive-In Theater people elected to build two (2) screens on the front portion of their property leaving the rear portion vacant.

When it was suggested that they were landlocking the rear portion of their property, they indicated they were aware of the fact, but cared not. In spite of this, the City Attorney painted a bleak picture of the City's position in the event a lawsuit was initiated. This viewpoint was also held by four (4) members of the City Council, (but practically no one else).

On more than one occasion the City Council majority indicated that their actions in furthering the cause of the Winchester Drive-In Theater were based on fear of a lawsuit rather than on the basis of what's best for the city.

This type of timidity publicly displayed, can only serve to encourage other developers of sufficient financial worth, to use the same tactics to scare our City Council into other equally ill-advised decisions, thus reducing our city government to shambles.

It is indeed tragic that the elected officials of a city of some 25,000 people would prostrate themselves at the feet of a wealthy developer.

An examination of all the facts in the "third screen" reveals to me that the Campbell City Council chose to approve the third screen not only in violation of the City's ordinances but with complete and utter disregard for the health, safety, peace, and well being of the adjacent residents.

Many good things have happened to our city in recent years. I like to think that in my years of service on the Planning Commission I was instrumental in bringing about some of these good things.

Mistakes I have made, but to have remained silent while four of our elected representatives blatantly disregarded the wishes and welfare of the citizens they were elected to serve, would have been my biggest mistake.

Jack Healey

TO INFORM PUBLIC

Mr. Vierhus:

You have reported the action of the Campbell City Council in dismissing me from the Planning Commission in your issue of March 10, '71.

My dismissal came without prior notice or advance warning to me.

Since the public has only been informed of the Council's case in this matter, it is only proper that some brief public response be given by me. I have attached an open letter to the City Council.

It is requested that you publish this letter in order to inform the public adequately. Regardless of your personal feelings in this matter, I am sure you will agree that this letter will provide that balance which is required to achieve objective news reporting.

Sincerely,
Frank R. Klein

OPEN LETTER TO THE CITY COUNCIL

Gentlemen:

This letter is in reply to the March 11, '71 letter from Mayor Chamberlin advising of my immediate dismissal from the Planning Commission. The reason stated is rather general and does not provide any specific charges. "Refusal to accept and assist in the implementation of established city policies" was the statement given in the letter.

Since I have never been contacted by the Mayor nor the Councilmen for frank discussion of any incident, I find it difficult to respond to the dismissal.

Since it is common knowledge that I have opposed the creation of a third screen for the drive-in theater, while a majority of the Council favored it, I must assume that my dismissal was a result of this situation. My opposition has always been from a planning standpoint, and within the framework of Campbell City Ordinances. It is interesting to note that with the exception of architectural approval, my decisions on matters relating to the theater have always been along with the majority of the Planning Commission.

In your efforts to pass the necessary legislation to permit the development of this theater, you have violated Campbell City Ordinance, and followed procedures which prevented citizens from voicing their viewpoint. Acceptance of policy conceived in such manner would require acceptance of methods used to achieve that policy. Implementation of that policy invites further violations.

There are sufficient examples in the news these days where blind obedience to policies was allowed to prevail over one's conscience to the detriment of many.

My appointments to the Planning Commission were accepted in the knowledge that I served at the pleasure of the Council. It was never considered that my recommendations must necessarily please the Council but would be in the best interest of the city and its citizens as I could conclude from the facts.

I would like to express my appreciation to the City Council, who appointed me on three occasions, for providing to me the opportunity to serve the citizens.

Frank R. Klein

IN APPRECIATION

Dear Sir:

On behalf of my granddaughters, Lisa and Trudy Harrington, and myself, I wish to express our deepest appreciation to the many people in Campbell, friends, neighbors, church groups, scout groups and all others who came to our aid in countless ways at the time of our tragic loss last October, and in the ensuing months.

Sincerely,
Mrs. John W. Catlin
72 Shelley Avenue

ON EVALUATION

SUBJECT: An Open Letter to The Employees and Taxpayers of Campbell Union School District.

DATE: March 19, 1971.

Forest Hill PTA sponsored a forum on Tuesday Evening March 16, 1971, for all candidates currently seeking to be elected to the school board at the forthcoming election on April 20, 1971.

More than one person in attendance at the forum reported to me that Dr. Richard MacQuiddy was very specific in stating that my performance as district superintendent had been evaluated by the board of trustees prior to my public demotion which came on the evening of October 8, 1970, without prior warning to me. It is also reported that his statement can be verified by a tape recording.

His statement is not true, because there is no record of any evaluation of my performance from July 1, 1965 to October 8, 1970. There is evidence that I requested an evaluation more than once, and Mr. Bud Armstrong attempted to provide such documentation at one time, immediately prior to his transfer to Ohio.

A draft was made, but the board majority could not agree on the wording, and the evaluation was dropped without action. I know of no other attempt to evaluate my performance by the board.

Dr. MacQuiddy is challenged to provide documentation of his claim that such evaluation was made.

A copy of this letter is being sent to the press, presidents of PTA Units, and Home School Clubs in addition to the local Elementary School Administrators Association.

These leaders are invited to discover the truth by seeking to find a copy of evaluation documentation in my file.

A copy of this letter bearing my original signature is being sent to the Acting Superintendent of our district authorizing him to review my personnel file with the above named leaders or their designated representatives to verify the truth.

A copy is being sent to other candidates so that they may respond at the next forum next Wednesday evening at Cypress School.

I demand a public disclosure of the findings.

Sincerely,
Neal Royer
